Subject: **Cal MediConnect Vaccination Billing**

Dear Providers:

Please use the following table to differentiate billing Santa Clara Family Health Plan for **Medicare Part B vs. Part D** in-office administered vaccinations for Cal MediConnect members. Members may also be referred to major chain pharmacies to receive these vaccinations.

Please note that Medicare Part B does not cover the administration of Part D vaccines.

Part B: Electronic billing is required, using the appropriate HCPCS/CPT code.

Part D: You may bill in-office administered Part D vaccines online using **TransactRx**. For more information, please visit TransactRx's website at www.transactRx.com or call 1-866-522-3386.
