Dear Provider:

Santa Clara Family Health Plan (SCFHP) has implemented a new 'Find a Doctor' tool on our website, [www.scfhp.com](http://www.scfhp.com). This new tool offers users convenient access to up-to-date, accurate information about providers in the SCFHP Medi-Cal, Cal MediConnect, and Healthy Kids plans. With this update, SCFHP's online search tool is compliant with state and federal regulations regarding provider directories.

You can find the search tool at [www.scfhp.com/for-members/find-a-doctor](http://www.scfhp.com/for-members/find-a-doctor).

Remember, it is important to notify SCFHP immediately of any changes to your demographic information. Your cooperation in providing timely updates to SCFHP is crucial.

Thank you.
