Subject: **Sign up for Cal MediConnect Provider Webinars**

Dear SCFHP Provider:

Effective January 1, 2015, Santa Clara Family Health Plan (SCFHP) goes live with the Cal MediConnect program. The Cal MediConnect program is part of California's larger Coordinated Care Initiative (CCI). Building on many years of stakeholder discussions, the CCI was enacted in July 2012 through SB 1008 (Chapter 33, Statutes of 2012) and SB 1036 (Chapter 45, Statutes of 2012). The Cal MediConnect program aims to improve care coordination for dual eligible beneficiaries and drive high quality care that helps people stay healthy and in their homes for as long as possible. Additionally, shifting services out of institutional settings and into the home and community will help create a person-centered health care system that is also sustainable.

Over the next few months SCFHP will be providing additional resources, tools and training sessions for all contracted providers to prepare for you for Cal MediConnect. An upcoming training opportunity we'd like to make you aware of is the Provider Webinar Series hosted by Harbage Consulting. This webinar will provide an overview of the CCI program, including information about rules about continuity of care, enrollment timeline, and resources for providers and patients.

The webinar is offered several times so you can select the date and time that works for you:

- Thursday, October 30 from 12:00 to 1:00
- Thursday, November 13 from 12:00 1:00
- Thursday, December 2 from 12:00 to 1:00

You may sign up for a webinar by registering at the following link:

<https://attendee.gotowebinar.com/rt/6117311423856062210>

After registering, you will receive a confirmation email containing information about joining the webinar.

You may also receive important updates and information about the CCI by joining the CalDuals email list at **calduals.org**.
