Dear Provider:

We would like to make you aware of a provider training opportunity about the Cal MediConnect program hosted by Harbage Consulting. The Cal MediConnect program is part of California's larger Coordinated Care Initiative (CCI) that aims to improve care coordination for dual eligible beneficiaries and drive high quality care that helps people stay healthy and in their homes for as long as possible.

This webinar will provide an overview of the CCI program, including information about rules about continuity of care, enrollment timeline, and resources for providers and patients.

The webinar is offered several times so you can select the date and time that works for you:

- Wednesday, March 11 at 12 noon
- Wednesday, March 25 at 12 noon
- Tuesday, March 31 at 12 noon

You may sign up for a webinar by registering at the following link:
