Specialist

Staff Present:

Christine Tomcala, Chief Executive Officer
Lily Boris, MD, Medical Director
Sandra Carlson, Director of Medical Management
Natalie McKelvey, Manager of Behavioral Health
Luis Perez, Medical Management UM Supervisor
Nancy Aguirre, Administrative Assistant

1. Introduction

Dr. Jimmy Lin called the meeting to order at 6:35 p.m. A Quorum was established.

2. Review and Approval of Meeting Minutes

The minutes of the January 16, 2019 Utilization Management Committee meeting and the March 13, 2019 Ad Hoc Utilization Management Committee meeting were reviewed.

It was moved by Dr. Lin and seconded by Dr. Van Cai to approve the minutes as written.

3. Public Comment

No Public Comment.

4. CEO Update

Christine Tomcala, CEO, shared the following updates:

Per the Governor's new proposal, the HEDIS quality score needs to reflect a performance of at least within the 50th percentile within the country. This new proposal has been put into affect retrospectively, as of January 2019. Ms. Tomcala added Santa Clara Family Health Plan (SCFHP) is identifying the gaps in care and sharing findings with providers electronically in addition to IPA's. SCFHP is also implementing new incentive programs from a member perspective. Ms. Tomcala stated SCFHP welcome any ideas and suggestions on different approaches to improve effectiveness.

NCQA Survey: SCFHP has achieved the three year NCQA accreditation for their Cal-Medi Connect line of business. Kudos to Dr. Liu, the Quality team, and the whole organization for their efforts.

O'Connor Hospital and St. Louise Regional acquisition: Both hospitals have now been acquired by the County.

Regional Medical Center: SCFHP has signed a contract, and we are now officially contracted for all product lines.

No action required. Informational only.

5. CMO Update

Dr. Boris, Medical Director, presented the following updates on behalf of Dr. Nakahira, CMO:

SCFHP reached a three year accreditation for NCQA for Cal MediConnect line of business.

DMHC and DHCS audits: DMHC and DHCS were onsite for two weeks in March. DMHC does not leave behind a report when their audit is completed. DHCS conducts an exit conference before they leave, though their finding(s) at that point are not necessarily final.

CMS Validation Audit: Confirmation the lookback period will be May 1st through July 31st, 2019. This will be our next audit.

No action required. Informational only.

6. Old Business/Follow Up Items

Dr. Boris presented the following updates for old business and follow up items:

Autism Data: This item was missed and not placed on the agenda. We will carry it forward to the next UMC meeting on July 17, 2019. This will include how many children SCFHP services, which services are provided, including Behavioral Health Services.

7. Action Items

a. UM Program Evaluation

Presented by Dr. Boris. The UM Program Evaluation is part of the requirements of the state, as well as NCQA. It is divided into Quality of Clinical Care and Quality of Service.

- i. SCFHP successfully reviewed all the benchmarks as they are reviewed quarterly.
- ii. Completed quality of services related issues such as denials and prior authorizations.
- iii. Completed interrater reliability training biannually.
- iv. Review program description and program evaluation annually and review metrics based on benchmarks.

Dr. Boris asked Dr. Lin if the committee would like to review all three Action Items before voting, or vote on the Action Items one by one. Dr. Lin asked to review all three first, then cast a vote.

Dr. Boris continued to present the following Action Items:

b. Annual Review of UM Work Plan

Ms. The UM Work Plan reflects requirements SCFHP promises to achieve by next year. Requirements are divided by quarter. Dr. Boris highlighted item #16 in the UM Work Plan: Monitor member and provider experience with Utilization Management process through survey. This is an annual NCQA requirement. SCFHP will be conducting a member and provider satisfaction survey, specific to the Utilization Management process.

Dr. Boris introduced Mr. Perez as the Supervisor of Utilization Management.

c. Care Coordinator Guidelines

Mr. Perez presented the Care Coordinator Guidelines.

There have been changes made to VHP's Document of Financial Responsibility (DOFR), specific to skilled level of care, effective January 1st, 2019.

- i. Section C, Point 1: VHP Long term custodial care services became the financial responsibility of SCFHP on the first day of the month following admission, if VHP submits the enrollee reassignment request of SCFHP before that day.
- ii. Bed holds: Change due to VHP's DOFR change. Under Section C, VHP will be responsible for bed holds at the time the member is delegated to them.
- iii. Hospice Room and Board, non contracted providers. Under Section C, VHP fully delegated for hospice services.
- iv. Non Emergency Medical Transportation. Under Section 1, SCFHP removed all, as Kaiser is now fully delegated to the non-emergency medical transportation.
- v. Behavioral Health: Updated the new APL, 18-006.

Action: Dr. Lin motioned to approve Action Items A, B, and C. It was seconded by Dr. Van Cai. The motion carried.

8. Reports (MediCal/SPD, Healthy Kids)

a. Membership

Dr. Boris presented membership reports reviewed in April, 2019.

Total 250,778 members. Of those, 239K are Medi-Cal members. About 119K of which are within the Valley Health Plan Network. Healthy Kids population has remained stable at around 3,400. The growth in Cal MediConnect is about 5% increase, reflecting a total of 7,869 members.

b. UM Reports 2019

Mr. Perez presented the UM Reports for 2019.

IRR Testing: April 8th, 2019, SCFHP's UM department conducted their first IRR testing. 100% of staff participated and passed with above 80% efficiency.

Ms. Carlson, Director of Medical Management, explained the IRRs are a requirement enforced by regulators to ensure anyone who has clinical decision making capacity are applying guidelines and/or the regulations similarly, for consistency in criteria.

Ms. McKelvey, Manager of Behavioral Health, reported there are four staff members that completed the IRR in Behavioral Health. All passed at 100%.

i. **Dashboard Metrics: Turn Around Time (Cal MediConnect/Medi-Cal)**

Mr. Perez reported we received 100% for standard timely decisions made within 14 calendar days for March 2019. For expedited timely decisions made, 97.8% reported. For urgent concurrent timely decisions made, 71.4%. Organization determinations, 100%.

Dr. Boris explained based on the findings from last year, SCFHP needs to obtain 100% compliance. As of now, SCFHP will be doing daily audits of all authorizations to ensure letters are being mailed out, determinations are being made within a timely fashion, and the language in the denial letters are correct.

Ms. McKelvey reported 100% for Behavioral Health timely decisions made within 14 calendar days for Cal MediConnect.

Dr. Tobaggi asked why the requirement is 100%.

Dr. Boris explained SCFHP is funded by a combination of state and federal funds. There are a set of regulations set by DMCS for managed healthcare organizations, in which all healthcare plans have to perform at a specific level. These are outlined in regulations, then passed on to all health plans that provide managed care services. A platform is needed to compare healthplans, to ensure members receiving benefits are receiving services in a timely fashion.

ii. **Standard Utilization: Metrics PowerPoint**

Reviewed by Dr. Boris. There are roughly about 700 case management patients. 125 of those are Complex Case Management patients. SPD population has remained at around 22%. CMC nicely flattened around 23%.

c. **MLTSS Dashboard**

The MLTSS Dashboard was reviewed during the Dashboard Metrics.

d. **HS.04.01 Reporting Quality Monitoring of Plan Auths, Denials, etc. (Q1 19)**

Presented by Dr. Boris.

On a quarterly basis, SCFHP reviews about 30 auths within Cal MediConnect and Medi-Cal. SCFHP looks at the turn around time, the quality, the timeliness, whether a physician or pharmacists reviewed it, and whether SCFHP met expedited or standard timeframes.

e. **Referral Tracking Quarterly Report**

Presented by Dr. Boris. This report is reviewed on a quarterly basis, looking back at 3 months. About 50-60% of auths matched the paid claim.

f. **Nurse Advice Line Stats**

Ms. Carlson presented the Nurse Advice Line Stats.

For the 3 month period of Q1, there were a total of 1,804 Medi-Cal calls across all networks to the nurse advice line. Of those calls, 53 received the disposition to call 911 immediately.

For Healthy Kids, there were a total of 48 calls, one of which received the disposition to call 911 immediately.

For Cal MediConnect members, there were a total of 160 calls, 11 of which received the disposition to call 911 immediately.

Our Case Management team reviews each and every one of these calls for a follow up. Nurse Advice line is offered in 5 language thresholds.

9. Behavioral Health UM Reports

Presented by Ms. McKelvey.

a. Turn Around Time/Dashboard Metrics

The health plan is responsible for mild to moderate referrals. The county provides services for specialty mental health. The call center will refer those members to Behavior Health Treatment (BHT). BHT then coordinates their services to therapists as well as mild to moderate psychiatrists. This year, BHT has had 39 referrals for all lines of business.

b. Stats on Autism (ABA Services & Other BHT)

The county provides services for specialty mental health. We have 33 new BHT referrals this quarter. This excludes VHP and Kaiser as they delegate their own services for BHT for mild to moderate.

Ms. McKelvey will prepare information about autism services and other BHT services available for the next UMC meeting, July 17, 2019.

10. Adjournment

The meeting adjourned at 7:47 p.m.

The next UMC meeting is scheduled for Wednesday, July 17, 2019.

BHT SERVICES

APL 18-006 (March 2, 2018)

- Includes medically necessary Behavioral Health Treatment (BHT) services to eligible Medi-Cal members under 21 years of age as required by the EPSDT mandate.
- On July 1, 2018 DHCS transitioned BHT services from the regional center to the managed care plan
- DHCS also opened the benefit to include any diagnosis, not only ASD

BHT SERVICES

Managed Care Plans MUST:

- 1) Inform members that EPSDT services are available for members under 21 years of age.
- 2) Provide access to comprehensive screening and prevention services, at designated intervals or at other intervals indicated as medically necessary, in accordance with the most current Bright Futures periodicity schedule, including, but not limited to:
 - a health and developmental history
 - a comprehensive unclothed physical examination
 - appropriate immunizations
 - lab tests and lead toxicity screening
 - screening services to identify developmental issues as early as possible.
- 3) Provide access to medically necessary diagnostic and treatment services, including but not limited to, BHT services based upon a recommendation of a licensed physician and surgeon or a licensed psychologist.

WHAT IS BHT?

- BHT is the design, implementation and evaluation of environmental modifications, using behavioral stimuli and consequences, to produce socially significant improvement in human behavior, including the direct observation, measurement and functional analysis of the relations between environment and behavior.² BHT services teach skills through the use of behavioral observation and reinforcement, or through prompting to teach each step of targeted behavior. BHT services are based on reliable evidence and are not experimental. BHT services include a variety of behavioral interventions that have been identified as evidenced-based by nationally recognized research reviews and/or other nationally recognized scientific and clinical evidence and are designed to be delivered primarily in the home and in other community settings.
- **Treatment can be: Applied Behavioral Analysis (ABA) or Social Skills in either individual or group setting**

COVERED BHT SERVICES

- 1) Medically necessary to correct or ameliorate behavioral conditions and as determined by a licensed physician and surgeon or licensed psychologist.
- 2) Delivered in accordance with the member's MCP-approved behavioral treatment plan.
- 3) Provided by California State Plan approved providers as defined in SPA 14-026.9
- 4) Provided and supervised according to an MCP-approved behavioral treatment plan developed by a BHT service provider credentialed as specified in SPA 14-026 ("BHT Service Provider").

BHT IS NOT....

- 1) Services rendered when continued clinical benefit is not expected.
- 2) Provision or coordination of respite, day care, or educational services, or reimbursement of a parent, legal guardian, or legally responsible person for costs associated with participation under the behavioral treatment plan.
- 3) Treatment whose sole purpose is vocationally- or recreationally-based.
- 4) Custodial care. For purposes of BHT services, custodial care:
 - Is provided primarily for maintaining the member's or anyone else's safety.
 - Could be provided by persons without professional skills or training.
- 5) Services, supplies or procedures performed in a non-conventional setting, including, but not limited to, resorts, spas and camps.
- 6) Services rendered by a parent, legal guardian or legally responsible person.
- 7) Services that are not evidence-based behavioral intervention practices.

SUPPLEMENTAL SERVICES

- SPEECH THERAPY
- OCCUPATIONAL THERAPY
- FEEDING THERAPY

- Must be medically necessary and not for rehabilitation

MILD TO MODERATE SERVICES

APL 17-018 (October 27, 2017)

- MCPs are responsible for outpatient mental health services for mild to moderate conditions (i.e. psychiatry and talk therapy)
- Santa Clara County is contracted to connect these members with evaluation and treatment, however have been unable to keep up with the need
- Children SMHS vs. Adult M2M: Children under 21 years have looser criteria to meet SMI status
- Challenges with tracking utilization due to no prior authorization required for services
- Challenges with carve out system

HS.04.01 Reporting Quality Monitoring Of Plan Auths, Denials, etc. (Q2 19)

HS 04.01 Reporting for Quality Assurance Monitoring of Plan Denials

Authorization Audit period: January, February, March of CY 2019

Purpose of the Quality Assurance (QA) monitoring for Adverse Determinations (Denials):

In order to present the results to Utilization Management Committee (UMC), Santa Clara Family Health Plan (SCFHP) completed the 2nd quarter review for timely, consistent, accurate and understandable notification to members and providers regarding adverse determinations.

I. Procedure

1. The UM Manager or Director is responsible for facilitating a random review of denial letters to assess the integrity of member and provider adverse determination notifications.
 - a) At least 30 denial letters per quarter
 - b) Is overseen by the Utilization Management Committee on a quarterly basis
 - c) Assessment of denial notices includes the following:
 1. Turn-around time for decision making
 2. Turn-around time for member notification
 3. Turn-around time for provider notification
 4. Assessment of the reason for the denial, in clear and concise language
 5. Includes the criteria or Evidence of Benefit (EOB) applied to make the denial decision and instructions on how to request a copy of this from the UM department.
 6. Type of denial: medical or administrative
 7. Addresses the clinical reasons for the denial
 8. Specific to the Cal MediConnect membership, the denial notification includes what conditions would need to exist to have the request be approved.
 9. Appeal and Grievance rights
 10. Member's letter is written in member's preferred language within plan's language threshold.
 11. Member's letter includes Independent Medical Review (IMR) information or state fair hearing rights
 12. Member's letter includes interpretation services availability
 13. Member's letter includes nondiscriminatory notice.
 14. Provider notification includes the name and direct phone number of the appropriately licensed professional making the denial decision

Quarterly Quality Assurance Report, in Accordance with Procedure HS.04.01

Reported: 2nd Quarter 2019

II. Findings for first quarter 2019 Denial letter review

- A. Sample Cohort: Authorizations with dates of services and denial determinations documented for January, February, March of CY 2019
- a) 30 unique authorizations were pulled via a random sampling process.
 - i. 53.3% (16/30) Medi-Cal LOB and 46.7% or (14/30) CMC LOB
 - ii. Of the samples selected, 100% or 30/30 were denials
 - iii. Of the samples selected, 43.3% or 13/30 were expedited requests; 56.7% or 17/30 were standard request.
 - 1. 100% or 13/13 of the expedited authorizations met regulatory turnaround time of 72 calendar hours
 - 2. 100% or 17/17 of the standard authorizations met regulatory turnaround time (5 business days for Medi-Cal LOB and 14 calendar days for CMC LOB)
 - iv. 66.7% or 20/30 are medical denials, 33.3% or 10/30 are administrative denials
 - v. 100% or 30/30 of cases were denied by MD or pharmacist
 - vi. 100% were provided member and provider notification.
 - vii. 90% or 28/30 of the member letters are of member's preferred language
 - viii. 100% of the letters were readable and rationale for denial was provided
 - ix. 100% of the letters included IMR information, interpreter rights and instructions on how to contact CMO or Medical Director for Peer to Peer review

III. Follow-Up

The Director of Health Services reviewed the findings of this audit and recommendations from that finding which are presented to UMC during Q2 2019 are as follows:

- 1. Continue Quarterly QA report monitoring process. UM Team is currently in a CMS Independent Audit look back period (5/1/19 thru 7/31/19), resulting in a significant compliance focus for all CMC authorizations which are being monitored closely on a daily basis within the department.
- 2. Manage reviews to meet turn-around time requirements.
