## B. Providers

### B1. Key terms

This section explains key terms you'll see in our *Provider and Pharmacy Directory*.

- **Providers** are health care professionals and support providers such as doctors, nurses, pharmacists, therapists, and other people who provide care and services. **Services** include medical care, long-term services and supports (LTSS), supplies, prescription drugs, equipment and other services.
  - The term providers also includes facilities such as hospitals, clinics, and other places that provide medical services, medical equipment, and long-term services and supports.
  - Providers that are a part of our plan's network are called network providers.
- **Network providers** are the providers that have contracted with us to provide services to members in our plan. The providers in our network generally bill us directly for care they give you. When you see a network provider, you usually pay nothing for covered services.
- A **Primary Care Provider (PCP)** is a licensed doctor of medicine or osteopathy, or a group of doctors who gives you routine health care. Your PCP will keep your medical records and get to know your health needs over time.
- **Specialists** are doctors who provide health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:
  - Oncologists care for patients with cancer.

**If you have questions**, please call Santa Clara Family Health Plan at 1-877-723-4795, Monday through Friday, 8 a.m. to 8 p.m. TTY users call 1-800-735-2929 or 711. The call is free. **For more information**, visit [www.scfhp.com](http://www.scfhp.com).

- Cardiologists care for patients with heart conditions.
- Orthopedists care for patients with certain bone, joint, or muscle conditions.
- You may need a **referral** to see a specialist or someone that is not your PCP. A **referral** means that your primary care provider (PCP) must give you approval before you can see someone that is not your PCP. If you don't get a **referral**, SCFHP Cal MediConnect may not cover the service.
  - Referrals from our plan are not needed for:
    - Emergency care;
    - Urgently needed care;
    - Kidney dialysis services that you get at a Medicare-certified dialysis facility when you are outside the plan's service area;
    - Services from a women's health specialist; or
    - Services from other specialists, such as oncologists, cardiologists, or orthopedists.
  - Additionally, if you are eligible to get services from Indian health providers, you may see these providers without a referral. We must pay the Indian health provider for those services even if they are out of our plan's network.
  - More information on referrals is available in Chapter 3 of the *Member Handbook*.
- You also have access to a case manager and a care team that you help choose.
  - A **Case Manager** helps you manage your medical providers and services and helps you to complete a Health Risk Assessment (HRA) by phone, by mail or in person. Your case manager will work with you to identify your care team and to develop a Care Plan that will help you manage your care based on your own preferences.
  - Your **Care Team** is led by your Case Manager and may include you, your PCP, nurses, physicians, pharmacists or SCFHP Cal MediConnect case management staff. Everyone on the care team works together to make sure your care is coordinated. This means that they make sure tests and labs are done once and the results are shared with the appropriate providers. It also means that your PCP should know all medicines you take so that he or she can reduce any negative effects. Your PCP will always get your permission before sharing your medical information with other providers.

**If you have questions**, please call Santa Clara Family Health Plan at 1-877-723-4795, Monday through Friday, 8 a.m. to 8 p.m. TTY users call 1-800-735-2929 or 711. The call is free. **For more information**, visit [www.scfhp.com](http://www.scfhp.com).

## B2. Choosing a Primary Care Provider (PCP)

You can get services from any provider who is in our network and accepting new members.

First, you will need to choose a Primary Care Provider. You may be able to have a specialist act as your PCP. A specialist is a doctor who provides health care services for a specific disease or part of the body. If you need help asking for a specialist to be your PCP, you can call SCFHP Cal MediConnect Customer Service at 1-877-723-4795, Monday through Friday, 8 a.m. to 8 p.m., and we will help you. TTY users should call 1-800-735-2929 or 711.

You may receive care from a nurse practitioner (NP), physician assistant (PA) or certified nurse midwife (CNM) to provide your PCP services. The NP, PA, or CNM must work in your PCP's office and be supervised by your PCP. If you are pregnant or you are planning to become pregnant, you also have the right to select an out-of-plan CNM.

To choose a PCP, go to the list of providers on pages 1-172 and choose a provider:

- that you use now, **or**
- who has been recommended by someone you trust, **or**
- who speaks your language, **or**
- whose offices are easy for you to get to.

If you do not select a PCP, SCFHP will choose one for you and notify you.

- If you want help in choosing a PCP, please call Customer Service at 1-877-723-4795, Monday through Friday, 8 a.m. to 8 p.m. The call is free. TTY users should call 1-800-735-2929 or 711. Or, visit [www.scfhp.com](http://www.scfhp.com).
- If you have questions about whether we will pay for any medical service or care that you want or need, call SCFHP Cal MediConnect Customer Service and ask **before** you get the service or care.

## B3. Long-term services and supports (LTSS)

As an SCFHP Cal MediConnect member, you may be able to get Long-Term Services and Supports (LTSS) such as Community-Based Adult Services (CBAS), Multipurpose Senior Services Program (MSSP), and Nursing Facilities (NF). LTSS help people who need assistance to do everyday tasks like taking a bath, getting dressed, making food, and taking medicine. Most of these services are provided at your home or in your community but could be provided in a nursing home or hospital.

These services include Community-Based Adult Services (CBAS).

**If you have questions**, please call Santa Clara Family Health Plan at 1-877-723-4795, Monday through Friday, 8 a.m. to 8 p.m. TTY users call 1-800-735-2929 or 711. The call is free. **For more information**, visit [www.scfhp.com](http://www.scfhp.com).

CBAS is a community-based day health program that provides services to older persons and adults with chronic medical, cognitive, or mental health conditions and/or disabilities that are at risk of needing institutional care.

To apply for CBAS, please contact SCFHP Cal MediConnect Customer Service at 1-877-723-4795, Monday through Friday, 8 a.m. to 8 p.m. TTY users should call 1-800-735-2929 or 711. The call is free.

Other Long-Term Services and Supports provided by SCFHP Cal MediConnect include Multipurpose Senior Services Program (MSSP) and Nursing Facilities (NF).

- MSSP is a California specific program that provides Home and Community-Based Services (HCBS) to Medi-Cal eligible individuals who are 65 years or older with disabilities as an alternative to nursing facility placement.
- An NF provides care for people who cannot safely live at home but who do not need to be in the hospital.

To find providers of these services, go to pages 1317-1318 in this Directory.

A full list of these services is available in Chapter 4 of your *Member Handbook*.

For more information on LTSS, call Case Management to talk with your Case Manager at 1-877-590-8999, Monday through Friday, 8:30 a.m. to 5 p.m. or call Customer Service at 1-877-723-4795, Monday through Friday, 8 a.m. to 8 p.m. TTY users should call 1-800-735-2929 or 711. The call is free.

#### **B4. How to identify providers in SCFHP's Cal MediConnect network**

You must get all of your covered services from providers within our network. If you go to providers who are not in SCFHP's Cal MediConnect network (without prior authorization or approval from us), you will have to pay the bill.

A **prior authorization** is an approval from SCFHP Cal MediConnect before you can get a specific service or drug or see an out-of-network provider. SCFHP Cal MediConnect may not cover the service or drug if you don't get approval.

The exceptions to this rule are when you need urgent or emergency care or dialysis and cannot get to a provider in the plan, such as when you are away from home. You can also go outside the plan if SCFHP Cal MediConnect gives you permission first.

**If you have questions**, please call Santa Clara Family Health Plan at 1-877-723-4795, Monday through Friday, 8 a.m. to 8 p.m. TTY users call 1-800-735-2929 or 711. The call is free. **For more information**, visit [www.scfhp.com](http://www.scfhp.com).

You may need a referral to see someone who is not a Primary Care Provider. There is more information about referrals in Section B1, Key terms, of this Directory on page vi.

- You may change providers within the network at any time during the year. If you have been going to one network provider, you do not have to keep going to that same provider. For some providers, you may need a referral from your PCP.
- If we can make the change you want, the change to your new PCP, in most cases, will be effective the first day of the next month. For example, if you ask to change health care providers in February, in most cases, you will be able to visit your new PCP on March 1.
- SCFHP Cal MediConnect might say no to your request to change your PCP. Reasons for saying no to such a request may include:
  - The provider you are requesting is not an SCFHP Cal MediConnect provider.
  - The provider you want is not accepting new patients.
  - The provider you are requesting is a specialist physician who is not considered a Primary Care Provider.
- SCFHP Cal MediConnect works with all the providers in our network to accommodate the needs of people with disabilities. As applicable, the list of network providers in this Directory includes information about the accommodations they provide.
- If you need to see a provider and are not sure if they offer the accommodations you need, SCFHP Cal MediConnect can help you. Talk to your case manager for assistance or call Customer Service at 1-877-723-4795, Monday through Friday, 8 a.m. to 8 p.m. TTY users should call 1-800-735-2929 or 711. The call is free.

## **B5. How to find SCFHP Cal MediConnect providers in your area**

To find a provider in your area, go to the section of this Directory with the type of provider you want to find, such as a PCP or specialist, and then find your city. Providers are listed alphabetically by city.

**If you have questions**, please call Santa Clara Family Health Plan at 1-877-723-4795, Monday through Friday, 8 a.m. to 8 p.m. TTY users call 1-800-735-2929 or 711. The call is free. **For more information**, visit [www.scfhp.com](http://www.scfhp.com).

## B6. List of network providers

This Directory of SCFHP Cal MediConnect network providers contains:

- **Health care professionals** including primary care providers and specialists; and
- **Facilities** including hospitals, nursing facilities, skilled nursing facilities, and mental health facilities; and
- **Support providers** including adult day services, consumer-directed services, home-delivered meals, and home health agencies.

Providers are listed in alphabetical order by last name. You can also find the provider's name and the page where the provider's additional contact information is in the Index at the end of the Directory. Providers are also listed in alphabetical order by last name in the Index. In addition to contact information, provider listings also include specialties and skills, for example, such as languages spoken or completion of cultural competence training.

**Cultural competence training** is additional instruction for our health care providers that helps them better understand your background, values, and beliefs to adapt services to meet your social, cultural, and language needs.

## D. List of network pharmacies

This part of the Directory provides a list of pharmacies in the SCFHP Cal MediConnect network. These network pharmacies are pharmacies that have agreed to provide prescription drugs to you as a member of the plan.

We also list pharmacies that are in our network but are outside Santa Clara county in which you live. You may also fill your prescriptions at these pharmacies. Please contact SCFHP Cal MediConnect at 1-877-723-4795, Monday through Friday, 8 a.m. to 8 p.m., for additional information. TTY users should call 1-800-735-2929 or 711. The call is free.

- SCFHP Cal MediConnect members must use network pharmacies to get prescription drugs.
  - You must use network pharmacies except in emergency or urgent care situations.
  - If you go to an out-of-network pharmacy for prescriptions when it is not an emergency, you will have to pay out of pocket for the service. Read the SCFHP Cal MediConnect *Member Handbook* for more information.
- Some network pharmacies may not be listed in this Directory.
  - Some network pharmacies may have been added or removed from our plan after this Directory was published.

For up-to-date information about SCFHP Cal MediConnect network pharmacies in your area, please visit our website at [www.scfhp.com](http://www.scfhp.com) or call Customer Service at 1-877-723-4795, Monday through Friday, 8 a.m. to 8 p.m., for additional information. TTY/TDD users should call 1-800-735-2929 or 711. The call is free.

To get a complete description of your prescription coverage, including how to fill your prescriptions, please read the *Member Handbook* and the SCFHP Cal MediConnect *List of Covered Drugs*. Go to [www.scfhp.com](http://www.scfhp.com) to view or download the SCFHP Cal MediConnect Plan *Member Handbook* or *List of Covered Drugs* or call SCFHP Cal MediConnect Customer Service to request a copy at 1-877-723-4795, Monday through Friday, 8 a.m. to 8 p.m. TTY/TDD users should call 1-800-735-2929 or 711. The call is free.

### D1. How to identify pharmacies in SCFHP Cal MediConnect's network

Along with retail pharmacies, your plan's network of pharmacies includes:

- Mail-order pharmacies send covered prescription drugs to members through the mail or shipping companies.

**If you have questions**, please call Santa Clara Family Health Plan at 1-877-723-4795, Monday through Friday, 8 a.m. to 8 p.m. TTY users call 1-800-735-2929 or 711. The call is free. **For more information**, visit [www.scfhp.com](http://www.scfhp.com).

- Home infusion pharmacies prepare prescription drugs that are given through a vein, within a muscle, or in another non-oral way by a trained provider in your home.
- Long-term care (LTC) pharmacies serve residents of long-term care facilities, such as nursing homes.

You are not required to continue going to the same pharmacy to fill your prescriptions.

## D2. Long-term supplies of prescriptions

- **Mail-Order Programs.** We offer a mail-order program that allows you to get up to a 90-day supply of your prescription drugs sent directly to your home. A 90-day supply has the same copay as a one-month supply.
- **90-Day Retail Pharmacy Programs.** Some retail pharmacies may also offer up to a 90-day supply of covered prescription drugs. A 90-day supply has the same copay as a one-month supply.

## E3. Pharmacy – Mail Order

---

You can get prescription drugs shipped to your home through our network mail order delivery program. If the pharmacy gets a prescription from a health care provider, it will contact you to see if you want the medication filled immediately or at a later time. This will give you an opportunity to make sure the pharmacy is delivering the correct drug (including strength, amount, and form) and, if needed, allow you to stop or delay the order before you are billed and it is shipped.

You also have the choice to sign up for automated mail order delivery. Typically, you should expect to get your prescription drugs within 10 calendar days from the time that the mail order pharmacy receives the order. If you do not get your prescription drug(s) within this time, if you would like to cancel an automatic order, or if you need to ask for a refund for prescriptions you got that you did not want or need, please contact SCFHP Cal MediConnect Customer Service at 1-877-723-4795, Monday through Friday, 8 a.m. to 8 p.m. TTY users should call 1-800-735-2929 or 711. The call is free. To learn more about mail order pharmacies, see Chapter 5 of the *Member Handbook*, Section A.
