Santa Clara Family Health Plan Cal MediConnect Plan (Medicare-Medicaid Plan) | 2020 *List of Covered Drugs* (Formulary)

Introduction

This document is called the *List of Covered Drugs* (also known as the Drug List). It tells you which prescription drugs and over-the-counter drugs and items are covered by Santa Clara Family Health Plan (SCFHP) Cal MediConnect Plan (Medicare-Medicaid Plan) (Cal MediConnect). The Drug List also tells you if there are any special rules or restrictions on any drugs covered by SCFHP Cal MediConnect. Key terms and their definitions appear in the last chapter of the *Member Handbook*.

San Jose, CA 95158

B. Frequently Asked Questions (FAQ)

Find answers here to questions you have about this *List of Covered Drugs*. You can read all of the FAQ to learn more, or look for a question and answer.

B1. What prescription drugs are on the *List of Covered Drugs*? (We call the *List of Covered Drugs* the “Drug List” for short.)

The drugs on the Drug List are the drugs covered by SCFHP Cal MediConnect. The drugs are available at pharmacies within our network. A pharmacy is in our network if we have an agreement with them to work with us and provide you services. We refer to these pharmacies as “network pharmacies.”

- SCFHP Cal MediConnect will cover all medically necessary drugs on the Drug List if:
 - your doctor or other prescriber says you need them to get better or stay healthy, **and**
 - you fill the prescription at an SCFHP Cal MediConnect network pharmacy.
- In some cases, you have to do something before you can get a drug (see question B4 below).

If you have questions, please call Santa Clara Family Health Plan at 1-877-723-4795, Monday through Friday, 8 a.m. to 8 p.m. TTY users call 1-800-735-2929 or 711. The call is free. **For more information**, visit www.scfhp.com.

You can also see an up-to-date list of drugs that we cover on our website at www.scfhp.com or call Customer Service at 1-877-723-4795, Monday through Friday, 8 a.m. to 8 p.m. TTY/TDD users should call 1-800-735-2929 or 711.

B2. Does the Drug List ever change?

Yes. SCFHP Cal MediConnect may add or remove drugs on the Drug List during the year.

We may also change our rules about drugs. For example, we could:

- Decide to require or not require prior approval for a drug. (Prior approval is permission from SCFHP Cal MediConnect before you can get a drug.)
- Add or change the amount of a drug you can get (called quantity limits).
- Add or change step therapy restrictions on a drug. (Step therapy means you must try one drug before we will cover another drug.)

For more information on these drug rules, see question B4.

If you are taking a drug that was covered at the **beginning** of the year, we will generally not remove or change coverage of that drug **during the rest of the year** unless:

- a new, cheaper drug comes on the market that works as well as a drug on the Drug List now, **or**
- we learn that a drug is not safe, **or**
- a drug is removed from the market.

Questions B3 and B6 below have more information on what happens when the Drug List changes.

- You can always check SCFHP Cal MediConnect's up to date Drug List online at www.scfhp.com.
- You can also call Customer Service to check the current Drug List at 1-877-723-4795, Monday through Friday, 8 a.m. to 8 p.m. TTY/TDD users should call 1-800-735-2929 or 711.

B3. What happens when there is a change to the Drug List?

Some changes to the Drug List will happen **immediately**. For example:

- **A new generic drug becomes available.** Sometimes, a new generic drug comes on the market that works as well as a brand name drug on the Drug List now. When that happens, we may remove the brand name drug and add the new generic drug, but your cost for the new drug will stay the same or will be lower.

If you have questions, please call Santa Clara Family Health Plan at 1-877-723-4795, Monday through Friday, 8 a.m. to 8 p.m. TTY users call 1-800-735-2929 or 711. The call is free. **For more information**, visit www.scfhp.com.

When we add the new generic drug, we may also decide to keep the brand name drug on the list but change its coverage rules or limits.

- We may not tell you before we make this change, but we will send you information about the specific change we made once it happens.
- You or your provider can ask for an exception from these changes. We will send you a notice with the steps you can take to ask for an exception. Please see question B10 for more information on exceptions.
- **A drug is taken off the market.** If the Food and Drug Administration (FDA) says a drug you are taking is not safe or the drug's manufacturer takes a drug off the market, we will take it off the Drug List. If you are taking the drug, we will let you know. You will get a letter in the mail to advise you what to do. Follow the instructions on the letter or call your doctor to find another drug for your condition.

We may make other changes that affect the drugs you take. We will tell you in advance about these other changes to the Drug List. These changes might happen if:

- The FDA provides new guidance or there are new clinical guidelines about a drug.
- We add a generic drug that is not new to the market **and**
 - Replace a brand name drug currently on the Drug List **or**
 - Change the coverage rules or limits for the brand name drug.

When these changes happen, we will:

- Tell you at least 30 days before we make the change to the Drug List **or**
- Let you know and give you a 31-day supply of the drug after you ask for a refill.

This will give you time to talk to your doctor or other prescriber. He or she can help you decide:

- If there is a similar drug on the Drug List you can take instead or
- Whether to ask for an exception from these changes. To learn more about exceptions, see question B10.

B4. Are there any restrictions or limits on drug coverage or any required actions to take to get certain drugs?

Yes, some drugs have coverage rules or have limits on the amount you can get. In some cases you or your doctor or other prescriber must do something before you can get the drug. For example:

If you have questions, please call Santa Clara Family Health Plan at 1-877-723-4795, Monday through Friday, 8 a.m. to 8 p.m. TTY users call 1-800-735-2929 or 711. The call is free. **For more information**, visit www.scfhp.com.

- **Prior approval (or prior authorization):** For some drugs, you or your doctor or other prescriber must get approval from SCFHP Cal MediConnect before you fill your prescription. SCFHP Cal MediConnect may not cover the drug if you do not get approval.
- **Quantity limits:** Sometimes SCFHP Cal MediConnect limits the amount of a drug you can get.
- **Step therapy:** Sometimes SCFHP Cal MediConnect requires you to do step therapy. This means you will have to try drugs in a certain order for your medical condition. You might have to try one drug before we will cover another drug. If your doctor thinks the first drug doesn't work for you, then we will cover the second.

You can find out if your drug has any additional requirements or limits by looking in the tables beginning on page 3. You can also get more information by visiting our website at www.scfhp.com. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy.

You can ask for an exception from these limits. This will give you time to talk to your doctor or other prescriber. He or she can help you decide if there is a similar drug on the Drug List you can take instead or whether to ask for an exception. Please see questions B10-B12 for more information about exceptions.

B5. How will you know if the drug you want has limitations or if there are required actions to take to get the drug?

The *List of Covered Drugs* beginning on page 3 has a column labeled “Necessary actions, restrictions, or limits on use.”

B6. What happens if we change our rules about some drugs (for example, prior authorization (approval), quantity limits, and/or step therapy restrictions)?

In some cases, we will tell you in advance if we add or change prior approval, quantity limits, and/or step therapy restrictions on a drug. See question B3 for more information about this advance notice and situations where we may not be able to tell you in advance when our rules about drugs on the Drug List change.

B7. How can you find a drug on the Drug List?

There are two ways to find a drug:

- You can search alphabetically (if you know how to spell the drug), **or**
- You can search by medical condition.

If you have questions, please call Santa Clara Family Health Plan at 1-877-723-4795, Monday through Friday, 8 a.m. to 8 p.m. TTY users call 1-800-735-2929 or 711. The call is free. **For more information**, visit www.scfhp.com.

To search **alphabetically**, go to the Index of Covered Drugs section. You can find it on page I-1.

To search **by medical condition**, find the section labeled “List of drugs by medical condition” on page xii. The drugs in this section are grouped into categories depending on the type of medical conditions they are used to treat. For example, if you have a heart condition, you should look in the category, Cardiovascular Agents. That is where you will find drugs that treat heart conditions.

B8. What if the drug you want to take is not on the Drug List?

If you don't see your drug on the Drug List, call Customer Service at 1-877-723-4795, Monday through Friday, 8 a.m. to 8 p.m. TTY/TDD users should call 1-800-735-2929 or 711 and ask about it. If you learn that SCFHP Cal MediConnect will not cover the drug, you can do one of these things:

- Ask Customer Service for a list of drugs like the one you want to take. Then show the list to your doctor or other prescriber. He or she can prescribe a drug on the Drug List that is like the one you want to take. **Or**
- You can ask the health plan to make an exception to cover your drug. Please see questions B10-B12 for more information about exceptions.

B9. What if you are a new SCFHP Cal MediConnect member and can't find your drug on the Drug List or have a problem getting your drug?

We can help. We may cover a temporary 31-day supply of your drug during the first 90 days you are a member of SCFHP Cal MediConnect. This will give you time to talk to your doctor or other prescriber. He or she can help you decide if there is a similar drug on the Drug List you can take instead or whether to ask for an exception.

If your prescription is written for fewer days, we will allow multiple refills to provide up to a maximum of 31 days of medication.

We will cover a 31-day supply of your drug if:

- you are taking a drug that is not on our Drug List, **or**
- health plan rules do not let you get the amount ordered by your prescriber, **or**
- the drug requires prior approval by SCFHP Cal MediConnect, **or**
- you are taking a drug that is part of a step therapy restriction.

If you are in a nursing home or other long-term care facility and need a drug that is not on the Drug List or if you cannot easily get the drug you need, we can help. If you have been in the plan for more than 90 days, live in a long-term care facility, and need a supply right away:

If you have questions, please call Santa Clara Family Health Plan at 1-877-723-4795, Monday through Friday, 8 a.m. to 8 p.m. TTY users call 1-800-735-2929 or 711. The call is free. **For more information**, visit www.scfhp.com.

- We will cover one 31-day supply of the drug you need (unless you have a prescription for fewer days), whether or not you are a new SCFHP Cal MediConnect member.
- This is in addition to the temporary supply during the first 90 days you are a member of SCFHP Cal MediConnect.

If you are transitioning between different levels of care (for example, out of a hospital), SCFHP Cal MediConnect will cover a 31-day transition supply of the drug for you to use in your new setting.

B10. Can you ask for an exception to cover your drug?

Yes. You can ask SCFHP Cal MediConnect to make an exception to cover a drug that is not on the Drug List.

You can also ask us to change the rules on your drug.

- For example, SCFHP Cal MediConnect may limit the amount of a drug we will cover. If your drug has a limit, you can ask us to change the limit and cover more.
- Other examples: You can ask us to drop step therapy restrictions or prior approval requirements.

B11. How can you ask for an exception?

To ask for an exception, call Customer Service. Customer Service will work with you and your provider to help you ask for an exception. You can also read Chapter 9 of the *Member Handbook* to learn more about exceptions.

B12. How long does it take to get an exception?

First, we must get a statement from your prescriber supporting your request for an exception. After we get the statement, we will give you a decision on your exception request within 72 hours.

If you or your prescriber think your health may be harmed if you have to wait 72 hours for a decision, you can ask for an expedited exception. This is a faster decision. If your prescriber supports your request, we will give you a decision within 24 hours of getting your prescriber's supporting statement.

B13. What are generic drugs?

Generic drugs are made up of the same ingredients as brand name drugs. They usually cost less than the brand name drug and their names are less commonly known. Generic drugs are approved by the Food and Drug Administration (FDA).

If you have questions, please call Santa Clara Family Health Plan at 1-877-723-4795, Monday through Friday, 8 a.m. to 8 p.m. TTY users call 1-800-735-2929 or 711. The call is free. **For more information**, visit www.scfhp.com.

SCFHP Cal MediConnect covers both brand name drugs and generic drugs.

B14. What are OTC drugs?

OTC stands for “over-the-counter.” SCFHP Cal MediConnect covers some OTC drugs when they are written as prescriptions by your provider.

You can read the SCFHP Cal MediConnect Drug List to see what OTC drugs are covered.

B15. Does SCFHP Cal MediConnect cover non-drug OTC products?

SCFHP Cal MediConnect covers some non-drug OTC products when they are written as prescriptions by your provider.

Examples of non-drug OTC products include inhaler spacers and test strips.

You can read the SCFHP Cal MediConnect Drug List to see what non-drug OTC products are covered.

B16. What is your copay?

You can read the SCFHP Cal MediConnect Drug List to learn about the copay for each drug. SCFHP Cal MediConnect members living in nursing homes or other long-term care facilities will have no copays. Some members getting long-term care in the community will also have no copays.

Copays are listed by tiers. Tiers are the groups of drugs with the same copay.

- Tier 1 drugs are generic drugs. The copay is \$0.
 - Tier 2 drugs are brand name drugs. The copay is from \$0 to \$8.95, depending on your income (highest cost-sharing tier).
 - Tier 3 drugs are non-Medicare prescription drugs that are covered by Medi-Cal. The copay is \$0.
 - Tier 4 drugs are non-Medicare over-the-counter (OTC) drugs that are covered by Medi-Cal. The copay is \$0.
-

C. List of Covered Drugs

The following list of covered drugs gives you information about the drugs covered by SCFHP Cal MediConnect. If you have trouble finding your drug in the list, turn to the Index of Covered Drugs that begins on page I-1. The Index alphabetically lists all drugs covered by SCFHP Cal MediConnect.

If you have questions, please call Santa Clara Family Health Plan at 1-877-723-4795, Monday through Friday, 8 a.m. to 8 p.m. TTY users call 1-800-735-2929 or 711. The call is free. **For more information**, visit www.scfhp.com.

The first column of the chart lists the name of the drug. Brand name drugs are capitalized (e.g., TRULICITY) and generic drugs are listed in lower-case italics (e.g., *metformin*).

The information in the “Necessary actions, restrictions, or limits on use” column tells you if SCFHP Cal MediConnect has any rules for covering your drug.

Note: The asterisk (*) next to a drug means the drug is not a “Part D drug.” You will not be required to pay a copay for these drugs. These drugs also have different rules for appeals.

- An appeal is a formal way of asking us to review a decision we made about your coverage and to change it if you think we made a mistake. For example, we might decide that a drug that you want is not covered or is no longer covered by Medicare or Medi-Cal.
- If you or your doctor disagrees with our decision, you can appeal. If you ever have a question, call Customer Service at 1-877-723-4795, Monday through Friday, 8 a.m. to 8 p.m. TTY users should call 1-800-735-2929 or 711. You can also read Chapter 9 of the *Member Handbook* to learn how to appeal a decision.

D. List of Drugs by Medical Condition

The drugs in this section are grouped into categories depending on the type of medical conditions they are used to treat. For example, if you have a heart condition, you should look in the category, Cardiovascular Agents. That is where you will find drugs that treat heart conditions. Here are the meanings of the codes used in the “Necessary actions, restrictions, or limits on use” column:

COVERAGE NOTES ABBREVIATIONS

ABBREVIATION	DESCRIPTION	EXPLANATION
*	Not a Part D Drug	This drug is a non-Part D drug. It is covered by Medi-Cal.
AGE	Age Limit	This drug has coverage limits based on age groups. The limit may be based upon how the drug was approved by the FDA or special cautions for use by people in certain age groups.
LA	Limited Access Drug	This drug may be available only at certain pharmacies.

If you have questions, please call Santa Clara Family Health Plan at 1-877-723-4795, Monday through Friday, 8 a.m. to 8 p.m. TTY users call 1-800-735-2929 or 711. The call is free. **For more information**, visit www.scfhp.com.

ABBREVIATION	DESCRIPTION	EXPLANATION
NDS	Non-Extended Days Supply	This drug is not eligible for a long-term supply (also called an “extended supply”).
PA	Prior Authorization	You (or your physician) are required to get prior authorization before you fill your prescription for this drug.
PA BvD	Prior Authorization for Part B versus Part D Determination	This drug may be eligible for payment under Medicare Part B or Part D. Prior authorization review based on Medicare coverage rules is needed.
PA-HRM	Prior Authorization Restriction for High Risk Medications	This drug has been deemed by CMS to be potentially harmful and therefore, a High Risk Medication for Medicare beneficiaries 65 years or older. Members age 65 years or older are required to get prior authorization before you fill your prescription for this drug.
PA NSO	Prior Authorization for New Starts Only	If you have not taken this drug previously, you (or your physician) are required to get prior authorization before you fill your prescription for this drug.
QL	Quantity Limit	There is a limit on the amount of this drug that is covered per prescription or within a specific time frame.
ST	Step Therapy	You must first try another drug(s) to treat your medical condition before you can get this one.

If you have questions, please call Santa Clara Family Health Plan at 1-877-723-4795, Monday through Friday, 8 a.m. to 8 p.m. TTY users call 1-800-735-2929 or 711. The call is free. **For more information**, visit www.scfhp.com.

F. Nondiscrimination Notice

Discrimination is Against the Law

Santa Clara Family Health Plan (SCFHP) complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex. SCFHP does not exclude people or treat them differently because of race, color, national origin, age, disability, or sex.

SCFHP:

- Provides free aids and services to people with disabilities to communicate effectively with us, such as:
 - Qualified sign language interpreters
 - Written information in other formats (large print, audio, accessible electronic formats, other formats)
- Provides free language services to people whose primary language is not English, such as:
 - Qualified interpreters
 - Information written in other languages

If you need these services, contact Customer Service at 1-877-723-4795, Monday through Friday, 8 a.m. to 8 p.m. TTY users call 1-800-735-2929 or 711.

If you have questions, please call Santa Clara Family Health Plan at 1-877-723-4795, Monday through Friday, 8 a.m. to 8 p.m. TTY users call 1-800-735-2929 or 711. The call is free. **For more information**, visit www.scfhp.com.

If you believe that SCFHP has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or sex, you can file a grievance with:

Attn: Grievance and Appeals Department
Santa Clara Family Health Plan
6201 San Ignacio Ave
San Jose, CA 95119
Phone: 1-877-723-4795
TTY: 1-800-735-2929 or 711
Fax: 1-408-874-1962
Email: CalMediConnectGrievances@scfhp.com

You can file a grievance in person or by mail, fax, or email. If you need help filing a grievance, a Customer Service representative is available to help you.

You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights electronically through the Office for Civil Rights Complaint Portal, available at <https://ocrportal.hhs.gov/ocr/portal/lobby.jsf>, or by mail or phone at:

U.S. Department of Health and Human Services
200 Independence Avenue SW
Room 509F, HHH Building
Washington, DC 20201
Phone: 1-800-368-1019
TDD: 1-800-537-7697

Complaint forms are available at <http://www.hhs.gov/ocr/office/file/index.html>.

If you have questions, please call Santa Clara Family Health Plan at 1-877-723-4795, Monday through Friday, 8 a.m. to 8 p.m. TTY users call 1-800-735-2929 or 711. The call is free. **For more information**, visit www.scfhp.com.
