Doctors and other health care professionals in SCFHP Cal MediConnect Plan's network are listed on pages 1-573. Pharmacies in our network are listed on pages 576-593. You can use the Index in the back of the Directory to find the page where a provider or pharmacy is listed.

B. Providers

B1. Key terms

This section explains key terms in our *Provider and Pharmacy Directory*.

- **Providers** are health care professionals and support providers such as doctors, nurses, pharmacists, therapists, and other people who provide care and services. **Services** include medical care, long-term services and supports (LTSS), supplies, prescription drugs, equipment and other services.
 - The term providers also includes facilities such as hospitals, clinics, and other places that provide medical services, medical equipment, and long-term services and supports.

If you have questions, please call Santa Clara Family Health Plan at 1-877-723-4795 (TTY: 711), Monday through Friday, 8 a.m. to 8 p.m. The call is free. **For more information**, visit www.scfhp.com.

- Providers that are a part of our plan’s network are called network providers.
- **Network providers** are the providers that have contracted with us to provide services to members in our plan. The providers in our network generally bill us directly for care they give you. When you use a network provider, you usually pay nothing for covered services.
- A **Primary Care Provider (PCP)** is a licensed doctor of medicine or osteopathy, or a group of doctors who gives you routine health care. Your PCP will keep your medical records and get to know your health needs over time.
- **Specialists** are doctors who provide health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:
 - Oncologists care for patients with cancer.
 - Cardiologists care for patients with heart conditions.
 - Orthopedists care for patients with certain bone, joint, or muscle conditions.
- You may need a **referral** for a specialist or someone that is not your PCP. A **referral** means that your primary care provider (PCP) must give you approval before you can use someone that is not your PCP. If you don’t get a **referral**, SCFHP Cal MediConnect Plan may not cover the service.
 - Referrals from your network PCP are not needed for:
 - Emergency care;
 - Urgently needed care;
 - Kidney dialysis services that you get at a Medicare-certified dialysis facility when you are outside the plan’s service area; **or**
 - Services from a women’s health specialist.
 - Additionally, if you are eligible to get services from Indian health providers, you may use these providers without a referral. We must pay the Indian health provider for those services even if they are out of our plan’s network.
 - More information on referrals is available in Chapter 3 of the *Member Handbook*.
- You also have access to a case manager and a care team that you help choose.
 - A **Case Manager** helps you manage your medical providers and services.
 - Your **Care Team** is led by your Case Manager and may include you, your PCP, nurses, physicians, pharmacists or SCFHP Cal MediConnect Plan case management staff. Everyone on the care team works together to make sure

If you have questions, please call Santa Clara Family Health Plan at 1-877-723-4795 (TTY: 711), Monday through Friday, 8 a.m. to 8 p.m. The call is free. **For more information**, visit www.scfhp.com.

your care is coordinated. This means that they make sure tests and labs are done once and the results are shared with the appropriate providers. It also means that your PCP should know all medicines you take so that they can reduce any negative effects. Your PCP will always get your permission before sharing your medical information with other providers.

B2. Choosing a Primary Care Provider (PCP)

You can get services from any provider who is in our network and accepting new members.

First, you will need to choose a Primary Care Provider. You may be able to have a specialist act as your PCP. A specialist is a doctor who provides health care services for a specific disease or part of the body. If you need help asking for a specialist to be your PCP, you can call SCFHP Cal MediConnect Plan Customer Service at 1-877-723-4795 (TTY: 711), Monday through Friday, 8 a.m. to 8 p.m., and we will help you.

You may receive care from a nurse practitioner (NP), physician assistant (PA) or certified nurse midwife (CNM) to provide your PCP services. The NP, PA, or CNM must work in your PCP's office and be supervised by your PCP. If you are pregnant or you are planning to become pregnant, you also have the right to select an out-of-plan CNM.

To choose a PCP, refer the list of providers on pages 1-74 and choose a provider:

- that you use now, **or**
- who has been recommended by someone you trust, **or**
- who speaks your language, **or**
- whose offices are easy for you to get to.

If you do not select a PCP, SCFHP will choose one for you and notify you.

- If you want help in choosing a PCP, please call Customer Service at 1-877-723-4795, Monday through Friday, 8 a.m. to 8 p.m. The call is free. TTY: 711. Or, visit www.scfhp.com.
- If you have questions about whether we will pay for any medical service or care that you want or need, call SCFHP Cal MediConnect Plan Customer Service and ask **before** you get the service or care.

B3. Long-term services and supports (LTSS)

As an SCFHP Cal MediConnect Plan member, you may be able to get Long-Term Services and Supports (LTSS) such as Community-Based Adult Services (CBAS) and Nursing Facilities (NF). LTSS help people who need assistance to do everyday tasks

If you have questions, please call Santa Clara Family Health Plan at 1-877-723-4795 (TTY: 711), Monday through Friday, 8 a.m. to 8 p.m. The call is free. **For more information**, visit www.scfhp.com.

like taking a bath, getting dressed, making food, and taking medicine. Most of these services are provided at your home or in your community but could be provided in a nursing home or hospital.

These services include Community-Based Adult Services (CBAS).

CBAS is a community-based day health program that provides services to older persons and adults with chronic medical, cognitive, or mental health conditions and/or disabilities that are at risk of needing institutional care.

To apply for CBAS, please contact SCFHP Cal MediConnect Plan Customer Service at 1-877-723-4795 (TTY: 711), Monday through Friday, 8 a.m. to 8 p.m.

Other Long-Term Services and Supports provided by SCFHP Cal MediConnect Plan include Nursing Facilities (NF).

- An NF provides care for people who cannot safely live at home but who do not need to be in the hospital.

To find providers of these services, refer to pages 558-558 in this Directory.

A full list of these services is available in Chapter 4 of your *Member Handbook*.

For more information on LTSS, call Case Management to talk with your Case Manager at 1-877-590-8999 (TTY: 711), Monday through Friday, 8:30 a.m. to 5 p.m. or call Customer Service at 1-877-723-4795 (TTY: 711), Monday through Friday, 8 a.m. to 8 p.m.

B4. How to identify providers in SCFHP Cal MediConnect Plan's network

You must get all of your covered services from providers within our network. If you use providers who are not in SCFHP's Cal MediConnect network (without prior authorization or approval from us), you will have to pay the bill.

A **prior authorization** is an approval from SCFHP Cal MediConnect Plan before you can get a specific service or drug or use an out-of-network provider. SCFHP Cal MediConnect Plan may not cover the service or drug if you don't get approval.

If you have questions, please call Santa Clara Family Health Plan at 1-877-723-4795 (TTY: 711), Monday through Friday, 8 a.m. to 8 p.m. The call is free. **For more information**, visit www.scfhp.com.

The exceptions to this rule are when you need urgent or emergency care or dialysis and cannot get to a provider in the plan, such as when you are away from home. You can also go outside the plan if SCFHP Cal MediConnect Plan gives you permission first.

You may need a referral for someone who is not a Primary Care Provider. There is more information about referrals in Section B1, Key terms, of this Directory on page xii.

- You may change providers within the network at any time during the year. If you have been using one network provider, you do not have to keep using that same provider. For some providers, you may need a referral from your PCP.
- If we can make the change you want, the change to your new PCP, in most cases, will be effective the first day of the next month. For example, if you ask to change health care providers in February, in most cases, you will be able to visit your new PCP on March 1.
- SCFHP Cal MediConnect Plan might say no to your request to change your PCP. Reasons for saying no to such a request may include:
 - The provider you are requesting is not an SCFHP Cal MediConnect Plan provider.
 - The provider you want is not accepting new patients.
 - The provider you are requesting is a specialist physician who is not considered a Primary Care Provider.
- SCFHP Cal MediConnect Plan works with all the providers in our network to accommodate the needs of people with disabilities. As applicable, the list of network providers in this Directory includes information about the accommodations they provide.
- If you need a provider and are not sure if they offer the accommodations you need, SCFHP Cal MediConnect Plan can help you. Talk to your Case Manager for assistance or call Customer Service at 1-877-723-4795 (TTY: 711), Monday through Friday, 8 a.m. to 8 p.m.

D. List of network pharmacies

This part of the Directory provides a list of pharmacies in the SCFHP Cal MediConnect Plan network. These network pharmacies are pharmacies that have agreed to provide prescription drugs to you as a member of the plan.

We also list pharmacies that are in our network but are outside Santa Clara County in which you live. You may also fill your prescriptions at these pharmacies. Please contact SCFHP Cal MediConnect Plan at 1-877-723-4795 (TTY: 711), Monday through Friday, 8 a.m. to 8 p.m., for additional information.

SCFHP Cal MediConnect Plan members must use network pharmacies to get prescription drugs except in emergency or urgent care situations.

- If you use an out-of-network pharmacy for prescriptions when it is not an emergency, you will have to pay out of pocket for the service.
- Read the SCFHP Cal MediConnect Plan *Member Handbook* for more information.

This Directory may not list all network pharmacies. We may have added or removed some network pharmacies from our plan after we published this Directory.

For up-to-date information about SCFHP Cal MediConnect Plan network pharmacies in your area, please visit our website at www.scfhp.com or call Customer Service at 1-877-723-4795, Monday through Friday, 8 a.m. to 8 p.m. The call is free. TTY: 711.

To get a complete description of your prescription coverage, including how to fill your prescriptions, please read the *Member Handbook* and SCFHP Cal MediConnect Plan's *List of Covered Drugs*. Along with retail pharmacies, your plan's network of pharmacies includes:

- Long-term care (LTC) pharmacies serve residents of long-term care facilities, such as nursing homes.

You are not required to continue using the same pharmacy to fill your prescriptions.

D2. Long-term supplies of prescriptions

- **Mail-Order Programs.** We offer a mail-order program that allows you to get up to a 90-day supply of your prescription drugs sent directly to your home. A 90-day supply has the same copay as a one-month supply.
- **90-Day Retail Pharmacy Programs.** Some retail pharmacies may also offer up to a 90-day supply of covered prescription drugs. A 90-day supply has the same copay as a one-month supply.

E3. Mail order pharmacies

You can get prescription drugs shipped to your home through our network mail order delivery program. If the pharmacy gets a prescription from a health care provider, it will contact you to find out if you want the medication filled immediately or at a later time. This will give you an opportunity to make sure the pharmacy is delivering the correct drug (including strength, amount, and form) and, if needed, allow you to stop or delay the order before you are billed and it is shipped.

You also have the choice to sign up for automated mail order delivery. Typically, you should expect to get your prescription drugs within 10 calendar days from the time that the mail order pharmacy receives the order. If you do not get your prescription drug(s) within this time, if you would like to cancel an automatic order, or if you need to ask for a refund for prescriptions you got that you did not want or need, please contact us at 1-877-723-4795 (TTY: 711), Monday through Friday, 8 a.m. to 8 p.m. To learn more about mail order pharmacies, refer to Chapter 5, Section A of the *Member Handbook*.
