B. Frequently asked questions (FAQ)

The following table lists frequently asked questions.

Frequently Asked Questions	Answers
What's a Medi-Medi Plan?	A Medi-Medi Plan is a health plan that contracts with both Medicare and Medi-Cal to provide benefits of both programs to enrollees. It's for people age 21 and older. A Medi-Medi Plan is an organization made up of doctors, hospitals, pharmacies, providers of Long-term Services and Supports (LTSS), and other providers. It also has care coordinators to help you manage all your providers and services and supports. They all work together to provide the care you need.
Will I get the same Medicare and Medi-Cal benefits in SCFHP DualConnect that I get now?	You'll get most of your covered Medicare and Medi-Cal benefits directly from SCFHP DualConnect. You'll work with a team of providers who will help determine what services will best meet your needs. This means that some of the services you get now may change based on your needs, and your doctor and care team's assessment. You may also get other benefits outside of your health plan the same way you do now, directly from a State or county agency like In-Home Supportive Services (IHSS), specialty mental health and substance use disorder services, or regional center services. When you enroll in SCFHP DualConnect, you and your care team will work together to develop an Individualized Care Plan to address your health and support needs, reflecting your personal preferences and goals. If you're taking any Medicare Part D drugs that SCFHP DualConnect does not normally cover, you can get a temporary supply and we will help you to transition to another drug or get an exception for SCFHP DualConnect to cover your drug if medically necessary. For more information, call Customer Service at the numbers listed at the bottom of this page.

If you have questions, please call SCFHP DualConnect at 1-877-723-4795 (TTY: 711), 7 days a week, 8 a.m. to 8 p.m. The call is free. **For more information**, visit www.scfhp.com/dualconnect.

Frequently Asked Questions	Answers
Can I go to the same doctors I use now?	Often that's the case. If your providers (including doctors, hospitals, therapists, pharmacies, and other health care providers) work with SCFHP DualConnect and have a contract with us, you can keep going to them. - Providers with an agreement with us are "in-network." Network providers participate in our plan. That means they accept members of our plan and provide services our plan covers. You must use the providers in SCFHP DualConnect's network. If you use providers or pharmacies that aren't in our network, the plan may not pay for these services or drugs. - If you need urgent or emergency care or out-of-area dialysis services, you can use providers outside of SCFHP DualConnect's plan. - If you're currently under treatment with a provider that's out of SCFHP DualConnect's network, or have an established relationship with a provider that is out of SCFHP DualConnect's network, call Customer Service to check about staying connected and ask for continuity of care. To find out if your doctors are in the plan's network, call Customer Service at the numbers listed at the bottom of this page or read SCFHP DualConnect's <i>Provider and Pharmacy Directory</i> on the plan's website at www.scfhp.com/dualconnect. If your out of network provider would like to discuss contracting with SCFHP, please have the provider contact us at providerservices@scfhp.com. If SCFHP DualConnect is new for you, we'll work with you to develop an Individualized Care Plan to address your needs.
What's a SCFHP DualConnect care coordinator?	An SCFHP DualConnect care coordinator is one main person for you to contact. This person helps to manage all your providers and services and make sure you get what you need.

If you have questions, please call SCFHP DualConnect at 1-877-723-4795 (TTY: 711), 7 days a week, 8 a.m. to 8 p.m. The call is free. **For more information**, visit www.scfhp.com/dualconnect.

Frequently Asked Questions	Answers
What are Long-term Services and Supports (LTSS)?	Long-term Services and Supports (LTSS) are help for people who need assistance to do everyday tasks like bathing, toileting, getting dressed, making food, and taking medicine. Most of these services are provided at your home or in your community but could be provided in a nursing home or hospital. In some cases, a county or other agency may administer these services, and your care coordinator or care team will work with that agency.
What's a Multipurpose Senior Services Program (MSSP)?	A MSSP provides on-going care coordination with health care providers beyond what your health plan already provides, and can connect you to other needed community services and resources. This program helps you get services that help you live independently in your home.
What happens if I need a service but no one in SCFHP DualConnect's network can provide it?	Most services will be provided by our network providers. If you need a service that can't be provided within our network, SCFHP DualConnect will pay for the cost of an out-of-network provider.
Where's SCFHP DualConnect available?	The service area for this plan includes: Santa Clara County, California. You must live in this area to join the plan.

If you have questions, please call SCFHP DualConnect at 1-877-723-4795 (TTY: 711), 7 days a week, 8 a.m. to 8 p.m. The call is free. **For more information**, visit www.scfhp.com/dualconnect.

Frequently Asked Questions	Answers
What's prior authorization?	Prior authorization means an approval from SCFHP DualConnect or your delegated network to seek services outside of our network or to get services not routinely covered by our network before you get the services. SCFHP DualConnect may not cover the service, procedure, item, or drug if you don't get prior authorization. If you need urgent or emergency care or out-of-area dialysis services, you don't need to get prior authorization first. SCFHP DualConnect can provide you or your provider with a list of services or procedures that require you to get prior authorization from SCFHP DualConnect or your delegated network before the service is provided. If you have questions about whether prior authorization is required for specific services, procedures, items, or drugs, call Customer Service at the numbers listed at the bottom of this page for help.
What's a referral?	A referral means that your primary care provider (PCP) must give you approval to go to someone that's not your PCP or use other providers in the plan's network. A referral is different than a prior authorization. If you don't get a referral from your PCP, SCFHP DualConnect may not cover the services or the specialist may refuse to see you. SCFHP DualConnect can provide you with a list of services that require you to get a referral from your PCP before the service is provided. Refer to Chapter 3 of the <i>Member Handbook</i> to learn more about when you'll need to get a referral from your PCP.
Do I pay a monthly amount (also called a premium) under SCFHP DualConnect?	No. Because you have Medi-Cal, you won't pay any monthly premiums, including your Medicare Part B premium, for your health coverage.
Do I pay a deductible as a member of SCFHP DualConnect?	No. You don't pay deductibles in SCFHP DualConnect.

If you have questions, please call SCFHP DualConnect at 1-877-723-4795 (TTY: 711), 7 days a week, 8 a.m. to 8 p.m. The call is free. **For more information**, visit www.scfhp.com/dualconnect.

Frequently Asked Questions	Answers
What's the maximum out-of-pocket amount that I'll pay for medical services as a member of SCFHP DualConnect?	There's no cost sharing for medical services in SCFHP DualConnect, so your annual out-of-pocket costs will be \$0.
What's a delegated network?	SCFHP works with a large number of PCPs, specialists, hospitals, and other healthcare providers. Some of these providers work within a network, sometimes called a "medical group" or an "independent practice association (IPA)." These providers may also be directly contracted with SCFHP. Some SCFHP provider networks are delegated to manage your care. If your PCP is in a delegated network, the delegated network will provide pre-approval (prior authorization) for services that require one.
Can I view my health plan information online if I enroll?	Yes, you can get access to your health plan information online on the <i>mySCFHP</i> member portal at member.scfhp.com. As an SCFHP member, you can: • Update your contact information • Sign up to receive text messages • Sign up for health education classes (referral may be required) • View your health plan benefits and summaries • Access your prescription drug information and order prescriptions • View your claims and authorizations • Request a new member ID card • Print a temporary member ID card • View or change your primary care provider (PCP) • Find a network health care provider or pharmacy • Request transportation to medical appointments

If you have questions, please call SCFHP DualConnect at 1-877-723-4795 (TTY: 711), 7 days a week, 8 a.m. to 8 p.m. The call is free. **For more information**, visit www.scfhp.com/dualconnect.
