Maintaining Access

- In order to maintain uninterrupted access to UpToDate Anywhere, you must re-verify your affiliation with your organization once every 90 days.
- Re-verification can be done using the following methods:

Preferred Method

1. Access UpToDate via Soarian at least once every 90 days. This will automatically re-verify your affiliation and you will not receive any re-verification messaging. This method requires no UpToDate log in.
2. Log in to UpToDate by going to www.uptodate.com from a computer or device connected to your organization’s network. This method requires you to log in to UpToDate with your UpToDate User Name and Password.

Please Note: In-application & email messaging will inform you of the need to verify affiliation if you have not done so by day 80. You will receive a second alert at day 90. If you fail to re-verify by day 90, you will lose mobile and remote access. To regain access, please complete the re-verification process outlined in steps 1 or 2.
