## SCH Annual Tree Lighting Ceremony

St. Claire HealthCare ushered in the holiday season with the Annual Tree Lighting Ceremony on Nov. 30, at the main entrance of the Medical Center. SCH President/CEO Mark J. Neff welcomed everyone to the event. Immediately following the ceremony, SCH volunteers served hot chocolate and snacks to staff and visitors.

*The nearly 20-foot tree was purchased by the SCH Auxiliary from Hutton-Loyd Tree Farm, and was installed and decorated by SCH's facility management team.*

*The tree was lit by St. Claire HealthCare staff members Deloris Franklin (44+ years of service), Rosemary Curtis (45 years of service) and Rhonda Lewis (44 years of service).*

*The Rowan County Choir, directed by Joshua Hamilton, performed a wonderful assortment of Christmas carols, creating a joyous atmosphere for all who attended.*

## Brittany Blair, APRN Named SCH Clinical Director of Oncology

St. Claire HealthCare is pleased to announce that Brittany Blair, APRN, has been promoted to Clinical Director of Oncology.

Brittany spent six years as an RN at SCH, working in Hospice & Palliative Medicine (2006 – 2010) and Oncology Infusion (2010 – 2012) before moving to Alabama to continue her career in Medical Oncology. During her time in Alabama, she attended Auburn University and graduated with her APRN degree in May.

In her new role, Brittany will provide leadership and oversight of St. Claire's Cancer Care program as we combine both Medical Oncology and Infusion in the new Medical Pavilion. She will play a vital role as we expand and create a more comprehensive Cancer Care program that serves our community and treats patients in one convenient location.

## St. Claire Home Health Launches New Provider Portal

St. Claire Home Health's new provider portal, DeVerO will improve efficiency, save time, improve patient care and go green by signing and reviewing patients' home health services online. This portal will mean no more waiting to sign and fax orders and 485s.

DeVerO allows physicians to electronically sign orders, review medications and communicate with St. Claire Home Health nursing and therapy staff in the field. No longer will you have to re-sign documents or try to read poorly-faxed paperwork. The goal is to reduce your administrative burden so that you can get back to treating your patients. Several physicians have already adopted the DeVerO portal into their daily practice.

If you would like assistance setting up portal access, contact Jodie Middleton, Home Health Liaison at 606.776.9087 or Shannon Minor, Home Health office manager at 606.783.7528. Jodie is pictured above with Parker Banks, DO, during a recent office visit to assist with portal setup.

*"DeVerO has streamlined the process by which I can evaluate and sign my home health orders, which in turn facilitates to better care while consuming less time." - Brad Baker, DO*

## SCH Completes TeamSTEPPS Master Training Program

*Submitted by Tamara Brandenburg*

A Patient Safety Champion team was strategically selected by peers and senior leadership to attend St. Claire HealthCare's master trainer workshop; Team Strategies and Tools to Enhance Performance and Patient Safety (TeamSTEPPS™). The team will champion TeamSTEPPS across SCH as all staff journey to achieve zero harm. The workshop was conducted by KHA staff and provided tools to teach/mentor on the principles of TeamSTEPPS.

TeamSTEPPS Master Training program is a systematic approach developed by the Department of Defense (DoD) and the Agency for Healthcare Research and Quality (AHRQ) to integrate teamwork and communication into practice. It is designed to improve the quality, safety and the efficiency of health care by providing tools and strategies to cultivate the core teamwork competencies of leadership, situation monitoring, mutual support and communication. TeamSTEPPS seeks to foster an environment of mutual respect wherein all members of the team feel comfortable voicing patient safety concerns irrespective of their perceived positions or roles.

# CHILD DEVELOPMENT CLASSES

## Sleep Hygiene & Mental Health
