HARLEM AMBASSADORS VS The Gateway Child Avengers

Featuring St. Claire Regional All-Stars!

St. Claire Regional was a proud sponsor of the Harlem Ambassadors Vs. The Gateway Child Avengers event, which helped raise over \$5,000 for the Gateway Children's Advocacy Center.

The Gateway Children's Advocacy Center was opened by a task force team in 2000. The group was made up of child protective services, law enforcement, prosecution, mental health and medical communities who wanted to improve the system's response to sexual abuse. Its mission is "to coordinate services to child sexual abuse victims in the Gateway area in a safe and nurturing environment where trauma is lessened and healing is enhanced," while promoting justice and healing.

A special thanks to SCR's All-Star basketball players:

Ched Crouse, MD, SCR Orthopedic Surgeon, Chris McClurg, SCR VP, Finance/CFO, Lee Ann O'Bryan, SCR Administrative Director of Infomatics, and Ice Watson, SCR Orderly!

Join us in welcoming Overall, Pace and Perry to their exciting new roles!

Emergency Medicine

Submitted by: Caren Daniels-Thacker, MD, ACMO, Hospital Based Services

Philip Overall, MD, emergency medicine physician, has accepted the position of SCR Medical Director of Emergency Services. Overall joined the emergency department as a full-time physician in August of 2012 after graduating from the University of Kentucky Emergency Medicine Residency Program. He has served as the Assistant Medical Director for the last three years and has been vital to the continued recruitment of ED physicians and overall improvement of the patient experience and quality of the department.

Brandon Pace, MD, emergency medicine physician, will be assuming the duties of SCR Emergency Management Services Medical Director. He will specifically serve as the medical director of Menifee, Morgan, Elliott, Rowan and Carter counties, as well as acting as the liaison between all emergency medical services, first responders and St. Claire Regional. Pace joined us in 2014 after completion of his emergency medicine residency at the University of Kentucky.

Surgical Services

Submitted by: William L. Melahn, MD, CMO/VP Medical Affairs

Jacob Perry, MD, has agreed to include the operational management of the anesthesia department as part of his surgical services leadership of the operating room. Muhammad Anwar, MD, will continue as Clinical Director of Anesthesia and will provide clinical expert leadership for the CRNAs and anesthesiologists. This will allow us to take an integrated approach to process improvement, staff management and scheduling. The St. Claire Medical Group executive team is deeply appreciative of the commitment of both Anwar and Perry to come together to provide the best of care to our operative patients in a new collaborative arrangement, which will enable them to clinically integrate surgery and anesthesia services.
