2ND Annual Research Day & Poster Presentation

Submitted by: Dee Hamm

On April 29, St. Claire Regional Medical Center held its 2nd Annual Research Day and Poster Presentation Session. Open to students, residents and professionals alike, the goal of Research Day is to promote scholarly activity and research in a way that transcends individual disciplines, bringing together medical professionals and learners from across the health care spectrum.

Research Day opened with an hour-long educational session led by Roberto Cardarelli, DO, MPH, on implementation research and continued with a two-hour poster presentation session. A total of 21 posters were presented with more than 40 participants. Lunch was provided by the University of Kentucky Center for Clinical and Translational Science.

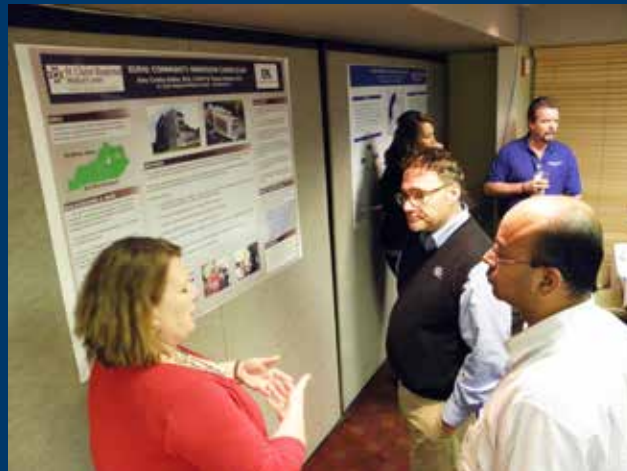

“Keeping medical providers informed of new research is important in providing the best possible care to patients in our region,” said KaSandra Hensley, education coordinator for the Northeast Kentucky Area Health Education Center, who accredited Dr. Cardarelli’s presentation. “We are excited that we were able to assist with this event, and look forward to participating next year.”

This year’s participants included representatives from the following:

- St. Claire Regional Medical Center’s Learning & Organizational Development team
- St. Claire Regional Family Medicine – Morehead
- St. Claire Regional Family Medicine Residency Program
- University of Kentucky Physician Assistant Program
- University of Kentucky Rural Physician Leadership Program
- Morehead State University Nursing Program

St. Claire Regional Celebrates National Hospital Week With Staff BBQ and Prizes

National Hospital Week celebrates hospitals and the men and women who support the health of their communities through dedication and compassionate care. It also recognizes the miracles they help to make happen on a day to day basis, both large and small.

Hospital Week festivities included a trivia game where each staff member that completed the quiz and answered every question correctly was registered to win a \$25 Wal-Mart gift card. In addition to the trivia game, door prize drawings took place at the

Staff BBQ that was on May 15th. All staff were automatically entered into the drawing for a chance to win a door prize.

Winners of both the door prizes and the trivia game are listed on page 7.

Members of IS enjoying their lunch after the sun came out and dried up the water from the morning showers.

Many staff members came out to enjoy the sunshine, food and company of co-workers and friends.

Dining Services staff worked hard to make a great meal that was enjoyed by SCR Staff during the BBQ.

Sister Judi Lambert, SND, Administrative Director of Mission Integration and Pastoral Care and Tom Lewis, Executive Director of St. Claire Foundation working the YRU@SCR? booth to encourage staff members to share the story of why they work at St. Claire Regional.
