Mary Dowling, CNM Retires After 36 Years

On July 7, SCR staff came together to recognize and thank Mary Dowling, CNM, for her dedication and service to the community over the past

During the breakfast reception Mark J. Neff, SCR President/CEO; Lisa Wallace, RN; Lisa Brown, RN and Dr. Stephen Mitchell each spoke about the contributions Mary has made to women's health care in the community and across the region.

"St. Claire Regional is my home. I leave my heart here at the hospital; my heart will always be on the 4th floor," Mary said regarding the devotion she feels for the hospital. Even in retirement Mary will continue to care for patients. She choose to donate her rocking chair, a customary SCR retiree gift, to the SCR nursery.
