

PROJECT ELDERCOOL

Project ElderCool provides free air conditioners to individuals throughout the Kansas City metro area who are elderly or have a respiratory disability.

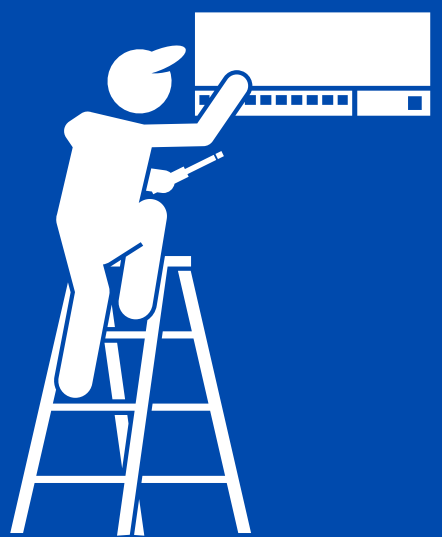

To be eligible, seniors must:

- Be 65 years or older
- Have no air conditioner in the home
- Live under 185% of the poverty guidelines
- Have not received an air conditioner from Bishop Sullivan Center within the past three years

Individuals who are under age 65 must receive disability due to a respiratory condition or have a disabling condition made worse by respiratory issues.

We will deliver and install your air conditioner in a timely manner in order to help you stay cool and safe. This program runs approximately from June to August.
