Where did you attend medical School?
Kansas City University College of Osteopathic Medicine

What other higher education, credentials, or certificates have you obtained?
I minored in Spanish in undergrad and assisted in teaching a medical Spanish club in medical school.

What is your hometown?
Mapleton, Utah

What is your medical practice interest?
Hospitalist and Endocrinology

Why did you choose the Unity Health Graduate Medical Education program?
I was able to audition here as a fourth year medical student and really enjoyed learning from and working with the attendings and residents. I also really enjoyed the small town feel of Searcy. I grew up in a small, close knit community, and wanted to practice medicine in a similar area.

What impact do you hope to have on the medical field?
I hope to be able to continue providing medical care to underserved populations and small communities. I would also love to be able to travel abroad and provide medical service to the underserved populations of the world.
