

Community of Caring Drive/Volunteer Day Participant Form

Complete this form to receive your Planning Packet.

The mission of Community of Caring is to improve the quality of health and wellbeing in our community with compassionate care by partnering to fill the most basic needs of food security, shelter and safety, and addiction recovery so that medical and mental health needs can also be met. The Expanded Community of Caring 2022 mission partners with community businesses and groups to support the nonprofit organizations who serve those needs all year to help people move into better situations. These nonprofits need our help. Thank you for choosing to host a Caring Drive and/or Volunteer Day!
