Post Graduate Year 1 PHARMACY Residency

Program Purpose

The PGY1 Pharmacy Residency program at Unity Health - WCMC builds on Doctor of Pharmacy (Pharm.D.) education and outcomes to contribute to the development of clinical pharmacists responsible for medication-related care of patients with a wide range of conditions, eligible for board certification and eligible for postgraduate year two (PGY2) pharmacy residency training. Our program is structured to develop a clinical pharmacist equipped to provide high quality patient care in a small to mid-sized community hospital setting.

The Program is designed to produce residents who are competent in the following areas:

- Patient care
- Advancing practice and improving patient care
- Leadership and management
- Teaching, education and dissemination of knowledge

Our program works with each resident to design a customized development plan based on their knowledge, skills and areas of interest. Upon successful completion of the program, the individual resident will be well-prepared to pursue their unique career goals. Residents must complete 11 monthly rotations, including 5 required and 6 elective rotations, as well as 4 required longitudinal rotations.

Benefits

- Member of Mayo Clinic Care Network
- Health insurance
- Sick leave
- Paid time off
- Cafeteria discounts
- Professional travel reimbursement
- Designated office (including personal desk and laptop)
- Free access to print and online drug information resources (PubMed, Lexicomp, UpToDate, etc.)
- One white lab coat

Eligibility

- Graduate or candidate for graduation of an ACPE-accredited Doctor of Pharmacy program.
- Arkansas licensure (passing of both the NAPLEX and Arkansas law exam) prior to or within 90 days of the start of the program. (By September 14)
 - Failure to become licensed within 90 days will result in dismissal from the program.
- Participated in and adhered to the rules of the National Matching Service process.
- Successful completion of required, pre-employment Human Resources processes.

Applications will be accepted through online submission using PhORCAS, ASHP's centralized application site. Our program participates in the National Matching Service* (ID #207913). Candidates whose completed applications are received by the deadline listed in PhORCAS will be evaluated based on the following criteria: strength of curriculum vitae, letters of recommendation, transcripts and an on-site interview.

** This residency site agrees that no person at this site will solicit, accept, or use any ranking-related information from any residency applicant.*

Additional Program Requirements:

- Completion of the 12-month commitment to the institution.
- Satisfactory completion of all rotations, evidenced by achieving for residency our program's 17 of 33 "core few" objectives from the ASHP Required Competency Areas, Goals, and Objectives for PGY1 Pharmacy Residencies.
- Satisfactory completion of the resident's research project, presentation of results at the MidSouth Regional Pharmacy Residents Conference, and completion of a project manuscript.
- Completion of at least one medication-use evaluation.
- Completion of at least one of the following: (1) completion and presentation of a P&T drug monograph; or (2) creation or modification of a treatment guideline or protocol with presentation for approval at appropriate hospital committee.

Additional Program Opportunities:

- Precepting pharmacy students from University of Arkansas for Medical Sciences and Harding University Colleges of Pharmacy.
- Multidisciplinary interaction with Unity Health Internal, Family and Emergency Medicine and Psychiatry Physician Residents.
- Attendance at national and local professional association meetings.
