

Preventative Screening Program

Prevention planning couldn't be easier!

The Wellness Program offers these voluntary preventative screening programs throughout the year to provide employees with resources that will help them to "know their numbers" so they can learn more about their health.

Program offerings include the following screening programs:

- Blood Pressure
- PSA
- Lung
- Mammography
- Colorectal
- Pap

As part of this program, any WPH employee who meets specific criteria for any of these screening programs will be eligible to receive a Wellness Innovation Rewards Program cash award.

Program details and forms are available on the WPH intranet. Click on the Wellness Connection link then Wellness Rewards.

For more information about the program, please contact Frank J. LoCastro at flocastro1@wphospital.org or at extension 2539
