

FROM EMERGENCY ROOM TO OPERATING ROOM TO HOME THE SAME DAY. THAT'S EXCEPTIONAL.

At 4 a.m., a pain in Keith's leg became so unbearable, he went to the emergency room at White Plains Hospital. Dr. Andrew Casden, Chief of Orthopedics at the White Plains Hospital Center for Orthopedics & Spine Surgery, looked deeper for his diagnosis: a severely compressed spinal nerve. Dr. Casden and his team operated immediately, and Keith left the hospital pain-free the same day, on his way to full recovery and the tennis courts he loves.

White Plains Hospital
Exceptional. Every day.
