### **WHITMAN HOSPITAL AND MEDICAL CENTER Named a 2018 Top 100 Critical Access Hospital**

**Whitman Hospital** in **Colfax, WA** was recently named one of the Top 100 Critical Access Hospitals in the United States by The Chartis Center for Rural Health.

"This achievement is very gratifying and validates our daily commitment to providing the best healthcare possible to our community, while maintaining an efficient and effective facility," said **Hank Hanigan, CEO**.

**Whitman Hospital** scored in the top 100 of Critical Access Hospitals on iVantage Health Analytics' Hospital Strength INDEX®. The INDEX is the industry's most comprehensive and objective assessment of rural provider performance and its results are the basis for many of rural healthcare's most prominent awards, advocacy efforts and legislative initiatives. The list of the Top 100 Critical Access Hospitals can be found at [www.ivantageindex.com/top-performing-hospitals](http://www.ivantageindex.com/top-performing-hospitals). Whitman Hospital is the only Critical Access Hospital in the state of Washington to make the list of Top 100!

The Top 100 Critical Access Hospitals play a key role in providing a safety net to communities across America – and the INDEX measures these facilities across eight pillars of hospital strength: Inpatient Share Ranking, Outpatient Share Ranking, Cost, Charge, Quality, Outcomes, Patient Perspective, and Financial Stability.

"The Hospital Strength INDEX provides a true benchmark for helping rural providers to better understand performance levels and identify areas of improvement. When we look across the spectrum of rural-relevant INDEX indicators, the Top 100 Critical Access Hospitals are establishing a new standard for how to deliver higher quality care to their communities despite an unpredictable healthcare environment," said Michael Topchik, National Leader of The Chartis Center for Rural Health.

#### **About The Chartis Group**

The Chartis Group® (Chartis) provides comprehensive advisory services and analytics to the healthcare industry. With an unparalleled depth of expertise in strategic planning, performance excellence, informatics and technology, and health analytics, Chartis helps leading academic medical centers, integrated delivery networks, children's hospitals and healthcare service organizations achieve transformative results. The Chartis Center for Rural Health (CCRH) was formed in 2016 to offer tailored services, performance management solutions, research and education to rural hospitals and facilities.
