Equal access includes physical and language accommodations for disabled persons including limited English proficiency (LEP) to provide individuals with meaningful access to programs, activities, benefits, services, and vital information.

## Procedure

1. Notice. Notice will be provided to patients regarding this Nondiscrimination Policy and WHMC's commitment to providing access to and the provision of services in a welcoming, equal and nondiscriminatory manner as defined above. WHMC will provide notices pursuant to Section 1557 of the patient Protection and Affordable Care Act, The Americans with Disability Act (ADA) and the Civil Rights Act of 1964 and RCW 49.60 as places of public accommodation.
2. Provision of Services. WHMC personnel will determine eligibility for and provide services, financial aid and other benefits to all patients in an equal and nondiscriminatory manner as defined above.
3. Reasonable Accommodations. WHMC personnel will inform patients of the availability of and make reasonable accommodations for patients consistent with federal and state requirements. This includes, for example, informing patients of their right to appropriate auxiliary aids and services such as qualified language interpreters for limited English proficiency patients and sign language interpreters for hearing-impaired patients and how to obtain these aids and services. Aids and services will be provided free of charge and in a timely manner when such aids and services are necessary to ensure an equal opportunity to participate to individuals with disabilities or to provide meaning access to individuals with limited English proficiency.
4. Visitation Rights. Visitation will be offered to patients in the same, nondiscriminatory manner as services are provided and in accordance with the Visitation Policy.
