

Mass Testing Event

Updated December 28, 2021

The Cass County Health Department is partnering with Cass Regional Medical Center and the University of Kansas Hospital labs to offer mass COVID-19 testing events. These testing events provide free PCR testing by appointment only and results can be expected in 48 hours or less.

Drive-thru testing will be held on the campus of Cass Regional Medical Center (2800 E. Rock Haven Rd., Harrisonville, MO). From Rock Haven Road go north on Healing Way and turn right on the service road behind the hospital. There will be signs directing where to go.

**Appointment registrations end at 2 p.m. the day prior to the testing event.

Qualifications:

- The person being tested must live, work, or go to school in Cass County, Missouri
- Is 4 years of age or older on the day of testing
