

## 2024 MCAS MEASURE: BREAST CANCER SCREENING (BCS)

Measure Steward: National Committee for Quality Assurance (NCQA)

Gold Coast Health Plan's (GCHP) goal is to help its providers gain compliance with their annual Managed Care Accountability Set (MCAS) scores by providing guidance and resources. This tip sheet will provide the key components to the MCAS measure, "Breast Cancer Screening (BCS)."

**Measure Description:** This measures the percentage of women ages 50 to 74 who had a mammogram to screen for breast cancer anytime on or between October 1 two years prior to the measurement year through December 31 of the measurement year.

**Data Collection Method:** Electronic Clinical Data Systems (ECDS)<sup>1</sup>

### BCS Clinical Code Set

- ▶ For billing, reimbursement, and reporting of services completed, submit claims timely with the appropriate medical codes for all clinical conditions evaluated and services completed.

**Codes used to identify mammograms (includes screening diagnostic, film, digital, or digital breast tomosynthesis).**

**Best Practices:**

- ▶ Use the Inovalon® INDICES® Provider Insights Dashboards to identify members with gaps in care.
- ▶ Make outreach calls and/or send letters to advise members of the need for a visit. Ensure that outreach methods include educational information.
- ▶ Schedule mammogram screenings for your female patients ages 50 to 74 who have not had a mammogram screening since October 1 (two years prior).
- ▶ Encourage testing by educating your patients on the importance of early detection at every point of contact. This includes during clinic visits, telehealth or phone calls and outreach methods.
- ▶ Promote GCHP's Breast Cancer Screening Member Incentive:
  - Members (50 to 74 years of age) are awarded a \$40 gift card from Target, Wal-Mart or Amazon for completing a breast cancer screening within the measurement year. Members will need to mail or fax GCHP the completed form. The member incentive form can be downloaded on the [GCHP website](#).
- ▶ Document and code screening mammograms and mastectomies (bilateral or unilateral) on claims / encounter data in a timely manner.
- ▶ Note: Mammograms do not require prior authorization. Provide the member with a list of nearby contracted imaging / mammography centers.
- ▶ Assist members by scheduling an appointment, whenever possible, to increase probability of compliance.
- ▶ GCHP offers free health education services, materials, classes, and online resources to help members achieve a healthy lifestyle. Providers can contact the Health Education Department or refer patients / guardians / caregivers to the following information:
  - Providers, call: 1-805-437-5718
  - Members, call: 1-888-301-1228 / TTY 1-888-310-7347
