

2024 Measurement Year

MCAS MEASURE: FOLLOW-UP AFTER EMERGENCY DEPARTMENT VISIT FOR SUBSTANCE USE (FUA)

Measure Steward: National Committee for Quality Assurance (NCQA)

Gold Coast Health Plan's (GCHP) goal is to help its providers gain compliance with their annual Managed Care Accountability Set (MCAS) scores by providing guidance and resources. *"Follow-Up After Emergency Department Visit for Substance Use (FUA)."*

Measure Description: The percentage of emergency department (ED) visits among members 13 years of age and older with a principal diagnosis of substance use disorder (SUD), or any diagnosis of drug overdose, for which there was follow-up.

Two rates are reported:

- ▶ The percentage of ED visits, between January 1 and December 1 of the measurement year, for which the member received follow-up within 30 days of the ED visit (31 total days).
- ▶ The percentage of ED visits, between January 1 and December 1 of the measurement year, for which the member received follow-up within seven days of the ED visit (eight total days).

Data Collection Method: Administrative¹

FUM Clinical Code Sets

- For billing, reimbursement, and reporting of services completed, submit claims timely with the appropriate medical codes for all clinical conditions evaluated and services provided.

Exclusion Criteria – Members with the following condition(s) are excluded from the FUA measure:

- ▶ Members receiving hospice care during the measurement year.
- ▶ Members who were admitted for an inpatient visit on or within 30 days of the ED visit for any condition, because this may prevent an outpatient follow-up visit from occurring.
- ▶ ED visits followed by residential treatment on the date of the ED visit or within the 30 days after the ED visit.
- ▶ Members who die at any time during the measurement year.

Best Practices:

- ▶ Timely identification and referral of patients who have SUD.
- ▶ Referral resources for SUD:
 - [California Department of Public Health Action Notice](#)
 - [Ventura County Behavioral Health Substance Use Services](#)
 - [Ventura County Health Care Agency](#)
 - [Ventura County Health Care Agency Alcohol and Drug Programs](#)
- ▶ Ensure timely follow up appointments for patients who meet the measure description and criteria.
- ▶ Evaluate access to real-time data sources, such health information exchange (HIE) and electronic health record (EHR) data, to identify and schedule follow-up appointments for patients with ED visits for SUD conditions.
- ▶ Promote use of telehealth to schedule the follow-up appointments.
- ▶ Utilize behavioral healthcare staff and SUD health navigators to facilitate care coordination.

¹ Measures reported using the *administrative* data collection method report on the entire eligible population and use only administrative data sources (e.g., claims, encounter, lab, immunization registries) to evaluate if services were performed.
