AGENDA ITEM NO. 1

TO: CalAIM Advisory Committee

FROM: Marlen Torres, Executive Director, Strategy & External Affairs

DATE: August 16, 2023

SUBJECT: Findings to Hold Remote Teleconference/Virtual Community Advisory Committee Meetings Pursuant to Assembly Bill 361

SUMMARY/RECOMMENDATION:

In order for the CalAIM Advisory Committee to hold virtual meetings where they are required to allow members of public to attend at locations they are teleconferencing from, findings pursuant to Assembly Bill 361 are required. The findings are that the Committee determine that they have considered the facts of the COVID-19 state of emergency proclaimed by the Governor still exists and that state or local officials have imposed or recommended measures to promote social distancing in connection with COVID-19, and that as result of the COVID-19 emergency, meeting in person would present risks to the health or safety of attendees. These findings must be made every thirty (30) days.

BACKGROUND/DISCUSSION:

Traditionally, the Brown Act allows for teleconference or virtual meetings, provided that the physical locations of the legislative body's members joining by teleconference are posted on the agenda, that those locations are open to the public and that a quorum of the members is located within its jurisdiction. On September 10, 2021, the Legislature adopted AB 361, which allows public agencies to hold fully virtual meetings under certain circumstances without the posting of the agenda from each location a legislative body member is attending and requiring that members of the public be able to attend at each such location. Governor Newsom signed the bill into law on September 16, 2021. Because it contained an urgency provision, it took immediate effect.

AB 361 provides an exception to these procedures in order to allow for fully virtual meetings during proclaimed emergencies, including the COVID-19 pandemic.

Since March of 2020 and the issuance of Governor Newsom's Executive Order N-29-20, which suspended portions of the Brown Act relating to teleconferencing, the Commission has had virtual meetings without having to post the location of the legislative body members

attending virtually. Most public agencies have been holding public meetings using virtual platforms since this time

Specific Findings Required under AB 361

Under AB 361, the Committee, can hold virtual meetings without providing notice of the Committee's teleconference location if the Committee makes the determination that there is a Governor-proclaimed state of emergency which the Committee will consider in their determination, and one of two secondary criteria listed below exists:

1. State or local officials have imposed or recommended measures to promote social distancing in connection with COVID-19; or
2. The Committee determines that requiring a meeting in person would present an imminent risk to the health or safety of attendees.

COVID-19 continues to present an imminent threat to the health and safety of Committee members, and its personnel. Although vaccines are now widely available, many people in the State and County are still not fully vaccinated and remain susceptible to infection. The disease can still spread rapidly through person-to-person contact and those in close proximity. Further, more contagious variants of the disease are now present in the State and County. Additionally, several Committee members may attend meetings in medical facilities or offices and allowing members of the public to attend meetings at these posted locations when they may not be vaccinated would pose a threat to the health or safety of attendees. Additionally, on February 2, 2023, a new set of non-emergency COVID-19 prevention regulations were issued by Cal/OHSA which carry over some of the same requirements imposed by earlier regulations, including social distancing measures. These new measures will continue to be imposed, unless changed, until February 2, 2025.

Re-Authorization is Required Within 30 Days

Consistent with the provisions of Government Code Section 54953(e), the findings must be made every 30 days "after teleconferencing for the first time" under AB 361. Thus, if the Committee desires to continue to meet remotely without having to post the location of each teleconference location, the Committee must again find that the COVID-19 emergency still exists and that one of the two following findings can be made: that state or local officials have imposed or recommended measures to promote social distancing in connection with COVID-19, or, that a result of the COVID-19 emergency, meeting in person would present imminent risks to the health or safety of attendees.

It is recommended that the Committee make these findings.

CONSEQUENCES OF NOT FOLLOWING RECOMMENDED ACTION:

The Committee will have to follow the Brown Act provisions that existed prior to the COVID-19 pandemic.

FOLLOW UP ACTION:

That the Committee make the findings under AB 361 at the September 6, 2023, special CalAIM Advisory Committee meeting.
