**Benefit Type:** Medi-Cal

**Original Date:** Jan. 18, 2013 | **Last Review Date:** May 15, 2026 | **Effective Date:** June 4, 2026

## Policy Statement

In accordance with the state Department of Health Care Services (DHCS) it is the policy of Gold Coast Health Plan (GCHP) to include immunizations as a covered benefit under Medi-Cal for all eligible beneficiaries following evidence based guidelines.

## Purpose

To provide guidance related to the medical necessity and indications for immunizations.

## Health Equity Statement

GCHP is committed to the vision in which all Californians equitably benefit from resources and systems that give everyone the opportunity to achieve their optimal health, resulting in communities that thrive.

GCHP adopts the American Medical Association (AMA) and DHCS commitments to whole-person centered, evidence-based and integrated strategies to advance health equity, addressing social and structural drivers of health. Decisions are therefore based on the evidence-based criteria as well as considerations of the member’s social and structural drivers of health, and considerations that the decisions create no harm nor exacerbate existing harms.<sup>1,2</sup>
