From: Dr. Felix Nuñez, Chief Executive Officer

Re: **Celebrating 15 Years of Service in Ventura County**

Date: July 1, 2026

Fifteen years ago today, Gold Coast Health Plan (GCHP) made a commitment to serve Ventura County as the area's Medi-Cal Managed Care Plan. What started as a relatively small managed care organization serving about 100,000 members has grown into a mature, mission-driven, high-performing organization whose vision of *'Compassionate care, accessible to all, for a healthy community'* is evident in the care our members receive every day.

Today, we celebrate 15 years of serving Ventura County, helping our members navigate their healthcare journeys, and working closely with our providers and community partners to ensure our members have access to high-quality care and services.

We want to thank you and your teams for your dedication to Ventura County's Medi-Cal members, their families, and our community. Thank you for being a collaborative partner in ensuring GCHP members have access to the high-quality care and services they deserve.

We look forward to continuing to work alongside you for years to come to bring compassionate, accessible care to Ventura County families.

Thank you.
