Re: GCHP Health Fair Postponed; Statement on Data Sharing

Date: June 18, 2025

Out of a deep concern for the safety and wellbeing of our members, providers, partners, and staff in light of increased activity by U.S. Immigration and Customs Enforcement (ICE) in our community, Gold Coast Health Plan (GCHP) has decided to postpone our annual Your Health First / Su Salud Está Primero Health Fair, which was scheduled for June 22, 2025, at Oxnard College. We plan to reschedule the health fair once we feel it is safe for our community to gather.

We appreciate all the providers and community partners who were prepared to work at the health fair to make this a successful event. Thank you for the work you do to ensure our members have access to the high-quality health care services they need and deserve.

GCHP also recently became aware of false rumors circulating in our community indicating that GCHP granted access to ICE to the private information of our members. We want to be clear that GCHP did not, and will never, release the private information of any of our members to immigration authorities. We denounce the use of any member data for immigration enforcement actions and ensure you that the safety and wellbeing of our members and community continues to be our top priority. We released a statement about the sharing of member data. To read it, [click here](#).

It is important that we continue to work diligently to maintain the trust of our community so that they may continue to access care without fear.

If you have any questions, please email us at ProviderRelations@goldchp.org.
