AGENDA ITEM NO. 1

TO: Community Advisory Committee

FROM: Marlen Torres, Executive Director, Strategy and External Affairs

DATE: January 4, 2023

SUBJECT: Findings to Continue to Hold Remote Teleconference/Virtual Community Advisory Committee Meetings Pursuant to Assembly Bill 361

SUMMARY/RECOMMENDATION:

At its May 25, 2022, special meeting, the Community Advisory Committee (“Committee”) of the Ventura County Medi-Cal Managed Care Commission (“Commission”) dba as Gold Coast Health Plan (“Plan”) made findings pursuant to Assembly Bill 361 to continue to meet remotely. To continue this practice, it is required, that the Committee determine that the COVID-19 state of emergency proclaimed by the Governor still exists and has been considered by the Committee in deciding to continue to have teleconference meetings and that state or local officials have imposed or recommended measures to promote social distancing in connection with COVID-19, and that as result of the COVID-19 emergency, meeting in person would present imminent risks to the health or safety of attendees. Because these findings must be made every thirty (30) days, it is time to remake the findings.

BACKGROUND/DISCUSSION:

Traditionally, the Brown Act allows for teleconference or virtual meetings, provided that the physical locations of the legislative body’s members joining by teleconference are posted on the agenda, that those locations are open to the public and that a quorum of the members is located within its jurisdiction. Newly enacted AB 361 provides an exception to these procedures in order to allow for fully virtual meetings during proclaimed emergencies, including the COVID-19 pandemic.

Since March of 2020 and the issuance of Governor Newsom’s Executive Order N-29-20, which suspended portions of the Brown Act relating to teleconferencing, the Commission and the Plan’s Committees have had virtual meetings without having to post the location of the legislative body members attending virtually. Most public agencies have been holding public meetings using virtual platforms since this time. In June of 2021, Governor Newsom issued Executive Order N-08-21, which provided that the exceptions contained in EO N-29-20 would sunset on September 30, 2021.

On September 10, 2021, the Legislature adopted AB 361, which allows public agencies to hold fully virtual meetings under certain circumstances without the posting of the agenda from each location a legislative body member is attending. Governor Newsom signed the bill into law on September 16, 2021. Because it contained an urgency provision, it took immediate effect.

Specific Findings Required under AB 361

Under AB 361, the Committee, can hold virtual meetings without providing notice of the Committee's teleconference location if the Committee makes the determination that there is a Governor-proclaimed state of emergency which the Committee will consider in their determination, and one of two secondary criteria listed below exists:

1. State or local officials have imposed or recommended measures to promote social distancing in connection with COVID-19; or
2. The Committee determines that requiring a meeting in person would present an imminent risk to the health or safety of attendees.

COVID-19 continues to present an imminent threat to the health and safety of Committee members, and its personnel, and the Governor's declaration of a COVID-19 emergency still exists. Although vaccines are now widely available, many people in the State and County are still not fully vaccinated and remain susceptible to infection. The disease can still spread rapidly through person-to-person contact and those in close proximity. Further, more contagious variants of the disease are now present in the State and County, the most predominant of which continues to be the Delta variant. However, another "variant of concern"—the Omicron variant, which has spread rapidly through South Africa and which spurred President Biden's travel ban to several countries in that continent, has also been detected in California. Additionally, several Committee members attend meetings in medical facilities or offices and allowing members of the public to attend meetings at these posted locations when they may not be vaccinated would pose a threat to the health or safety of attendees.

Re-Authorization is Required Within 30 Days

The Committee made the findings listed above at its November 17, 2021, December 15, 2021, January 12, 2022 special committee meetings, January 26, 2022 regular committee meeting and again during its February 23, 2022, March 23, 2022, April 13, 2022 special committee meetings, April 27, 2022 regular Committee meeting, May 25, 2022, June 22, 2022, special meeting, July 13, 2022 special meeting, July 20, 2022 special meeting, July 27, 2022 regular meeting, August 24, 2022 special meeting, September 21, 2022 special meeting, October 12, 2022 special meeting, October 26, 2022 regular meeting, November

16, 2022, December 14, 2022 special meetings. Consistent with the provisions of Government Code Section 54953(e), the findings must be made every 30 days “after teleconferencing for the first time” under AB 361. Thus, if the Committee desires to continue to meet remotely without having to post the location of each teleconference location, the Committee must again find that the COVID-19 emergency still exists and that one of the two following findings can be made: that state or local officials have imposed or recommended measures to promote social distancing in connection with COVID-19, or, that a result of the COVID-19 emergency, meeting in person would present imminent risks to the health or safety of attendees.

It is recommended that the Committee make these findings.

CONSEQUENCES OF NOT FOLLOWING RECOMMENDED ACTION:

The Committee will have to follow the Brown Act provisions that existed prior to the COVID-19 pandemic.

FOLLOW UP ACTION:

That the Committee make the findings under AB 361 at the January 18, 2023, regular Community Advisory Committee meeting.
