REGIONAL MEDICAL CENTER  
HEALTHCARE FOUNDATION

December 3, 2020

Dear Community Supporter,

It is no secret that 2020 has been a challenging year for all of us and our community hospital is no exception. The COVID-19 virus has certainly taken a toll on our families, co-workers and small businesses alike. It has been a year of struggle and change, but also a year to come together and show our support and kindness for each other and towards our community. It is with heartfelt appreciation that I say thank you to all of you. Your support of our community hospital and frontline employees this year has been tremendous!

As we close out this year, our hospital is seeking out your support one last time to help us help you. Your generous support can continue to help our frontline employees and staff by supporting the ongoing COVID-19 effort, your support can also help us save the lives of women living right here in our community through the Love of Life Campaign, and your support can better the lives of children living in our community through the Teddy Bear Fund Drive (Tbfd).

- By supporting the **COVID-19 Fundraising Campaign**, you will enable us to continue to assist employees through the creation of an Employee Emergency Fund – a way to assist employees with COVID related child care expenses, unpaid medical bills, time off due to positive COVID tests and lost wages as a result of furlough.
- Supporting the **Love of Life Campaign** this year means allowing for the purchase of an intraoperative specimen imager, which would enable our breast surgeons to look at biopsies right in the OR, while the patient is still present. Further providing for the most up-to-date medical technology and the safest and most accurate patient diagnoses.
- Raising money for children in our community and at Children's hospital for over 25 years, the **Teddy Bear Fund Drive** once again needs community support to ensure that care for our youngest patients, as well as preventative care through Project Fit America, is readily available.

I invite you to join with so many others in our community and support our hospital with a donation to one of the three areas outlined above. Help us support and care for you and your family and care for our employees and children at the same time. We are truly grateful for your continued support; we wouldn't be here continuing to serve our community without all of you!

All my best,

*Heather C. Reed*
