

Tournament King

In the app of Bullshooter Live

The unique number under your name or nick name is the number you give to us is the number you must use for your city tournament.

Go to the 3 bars at the top left of the home page.

Select tournament then go to Tournament King

There will be My events and all events.

My events are the events you are playing in and can watch the bracket.

All events are events that you can watch brackets.

On the Dart Boards:

You log in the same as League Play but Choose tournament Play.

Then go to Tournament King and log in. You scan the QR code with your phone or use your hot button like you normally would log in.

This will bring up your tournament code (Like your league code)

How to change order:

One you select the available match, you choose team set-up, Select the player you want to swap. Then choose the player you want to swap with.

Just like in your regular league play.
