The NEDA is an association to sponsor and promote electronic dart competition and dart leagues on Nebraska Technical Dart Boards. The league encourages our players to compete and have fun. Sportsmanship is fundamental to that pursuit and is required of all our players. NEDA is a member of the National Dart Association (NDA) and agrees to comply with all sanctioning guidelines. The sanctioning year is September 1 to August 31. Sanction fees will be divided over the 3 sessions: Midwest \$3, NDA \$10 and IOMA \$5.00. (IOMA sanction is only players who play in Iowa.)

League Play

NEDA sponsors dart leagues playing on electronic dart boards in a Tavern setting. Leagues play cricket, "01" and combinations of the two. There are three sessions (summer @ 10wk and fall/winter @ 15wk).

"01" games begin with 501, or 701 with the player attempting to hit a combination of total points to bring the score down to zero. In stacked play all players are on one score. In non-stacked play a player's partners' score must be equal to or less than the combined opponent's scores or a block occurs (Freeze Rule). An out while blocked results in loss of game.

Most "01" games are played using a single bull, where both the inside circle and the outside circle count as 50 points, the exception is for double in/double out games the outer circle is 25 points, and the inner "double" bull is worth 50 points.

In the game of cricket, the player/team attempts to close the 20s, 19s, 18s, 17s, 16s, 15s and bulls by hitting three of each. Points are obtained by hitting a number that is only closed by your team, when both teams have closed a number, it will no longer score points. The first team to close all numbers and have the most points is the winner. Cricket is stacked and is always played using the double bull.

In any equalized leagues, the first and second week of league your averages are from the last league averages in league leader. By the third week of league averages convert to what the player is shooting in that league. **If your teams did not shoot, you MUST put in your averages by using the drop down or call the office.**

Default averages are 1.9 and 17.5 If these are not your averages then you must adjust these to the correct figures. If they are not adjusted, you will lose the games. **If you do not play in the first or second week you must adjust your averages** as they will not hold and will be default and must be adjusted.

GENERAL RULES OF PLAY

1. Players stand at the "throw" line, 96 inches horizontally from the face of the dart board. It is legal to lean over the line. Player may step on, but not across, the line.
2. Players may use their own darts if they meet the following specifications:
 - a. They must be plastic tip darts.
 - b. Darts may not exceed 8" in total length.
 - c. Flights may be no wider than 3/4", as measured from shaft to flight edge, and may not have more than four wings.
 - d. **A complete dart may not exceed 20 grams in weight.**
3. Darts must be thrown only when the machine instructs to "Throw Darts" and the proper player's name or position is displayed.
4. **A player always has the right to throw three darts per turn**, although it is not required. A player may throw fewer than three darts by pushing the player change button to end their turn.
5. Any dart thrown counts as a throw, whether it is registered on the machine. A throw counts if it misses the board or bounces off the board completely. A player may not throw any dart over again. **Dropped darts are not counted as throw.**

6. Darts on the board may not be touched until the turn is over, the "Player Change" is activated, and the machine recognizes the end of the turn. Exception: When a dart is in the board and machine reads "Stuck Segment", that dart must be removed before other darts are thrown.
7. A round is defined as the period from the end of a player's turn to the start of their next turn. In a game that is played with two players sharing a score, a round is defined as the period from the end of a player's turn to the start of their partner's turn.

SCORING ON THE ELECTRONIC DART MACHINE

1. The score recorded by the machine is the score that the player receives, and the players accept that the machine is always right, with the following exceptions:
 - A. **"Last Dart-Winning Dart"** If the machine was displaying the "Throw Darts" message and all other rules were followed, and the dart is sticking in the exact number needed to take out a game, regardless of score displayed by said dart, it will be scored as a win.
 - B. A dart that sticks in the board and registers as a dart thrown but does not score will be corrected **(the dart shows as "missed" or "blank")** back up and manually score to correct.
2. No dart can score more than once per turn. **Any dart that registers two or more times** will be corrected by removing the extra points awarded by using the backup button.
3. If a dart bounces off the board it is considered a dart thrown even if it does not score. It may not be thrown again. You will need to press player change when this happens.
4. If a dart is thrown before the "Throw Darts" message lights, the dart will not score and is considered a dart thrown. It may not be thrown again.
5. **The CANCEL button is NOT a backup button** – Pushing it will end the match and the team that cancelled will forfeit remaining games.

PLAYER CORRECTABLE FEATURES

It is each player's responsibility to see that the machine is displaying the appropriate player's name or position prior to throwing the darts. Play is stopped immediately when the infraction is noticed.

The backup feature should be used to correct the following player errors:

- Shooting out of turn.
- Wrong player shooting.
- Manually scored darts.

If a player has thrown no more than three darts during his/her turn, he/she will be allowed to make use of the backup feature per the following rules.

1. Corrections should be made by the opposing team. **Remote Leagues the other team must be called.**
2. If the player throws while the machine is displaying that player's partner or an opponent's number, this will not constitute a foul. If the player has thrown no more than three darts, the backup feature should be used in the presence of both team captains to remove the darts thrown by that player. The game then proceeds normally with the correct player shooting next.
3. If a player throws all three darts on his/her partner's score and the following opponent throws his/her darts before the infraction is noticed. The backup feature will be used to remove all darts involved in the infraction. Play will restart with the correct player from the offending team. The following opponent would have the option of rethrowing or keeping his/her original score. When making changes, players should note scores that might need to be reentered. If the darts played can't be backed up enough, the team that shot out of turn will lose the game.
4. Manually scored points on an opponent's score, players own score, or partner's score uses the backup feature to remove the manually scored points. Advance players change button to the correct player position and continue play.

Players not in compliance with the rules are said to have committed a foul. During league play there is no official to make foul calls. Since many foul calls are judgments, players should calmly discuss perceived infractions and attempt to resolve them. If unable to do so, play should continue, and a complaint made to NEDA the next day - no disagreement is worth fighting and it will not be tolerated.

Committing a foul may lead to loss of darts in hand, loss of a turn, loss of a game, loss of a match or expulsion from the tavern, the league, or any associated sponsored events. This decision is made by a league coordinator, or at a player representatives meeting. Player reps are elected once yearly for a term of one year by the general player membership. A player rep has no authority except when meeting as a body. They will be called when a ruling by the coordinator is disputed and to decide what penalties if any apply. This is necessary when the infraction is not cut and dried, or when there are various sides that must be considered. Player reps are expected to be conversant with the rules and available to answer rule questions from other players when the office is not open.

A Partial List of Common Fouls

1. The backup button should be used, if possible, to correct a foul. If the backup button is used, it is as if the foul never occurred.
2. Player crosses the foul line before all 3 darts have been thrown – the player will receive ONE Warning only (not per event) in tournament or league, an official may then observe the film of the foul. Repeated failure to remain behind the line until darts are thrown and have hit the board will result in loss of game or match at the league official's discretion.
3. Dart thrown on the wrong board is considered a dart thrown – if all 3 darts are thrown, the players turn is over.
4. Do not be disruptive at the line or throw at board while playing remote if it's the other teams turn to shoot.
5. It is always the players' responsibility to watch the board and shoot during their turn. If a player wins the game while shooting out of turn it is loss of game (this not correctable).
6. If a player "wins" the game during a round in which his partner committed a foul, it is loss of game. Must notify the office the next day.
7. Abuse of the equipment will not be tolerated and may result in expulsion from the match or league as well as monetary reparations to repair the damage done.
8. If a board resets during a game because of abuse, it is loss of game. If a board resets due to power failure or interruption, play should resume at that point when the board comes back on. If the board does not restart notify the office the NEDA 402-592-1555 Immediately.
9. Physical contact, poor sportsmanship or unethical conduct will not be tolerated. Violators can be suspended for a minimum of one season, up to the maximum of league expulsion.
10. All decisions by the league coordinator or the player rep committee will be final.

Player Skill Ratings

NEDA uses PPD (points per dart) and MPR (marks per dart) to rank our players. PPD is used in '01 games and is the total points per round divided by the number of darts thrown. MPR is used in cricket and is the total number of marks scored divided by the total number of darts thrown. A player needs to play in at least 12 league games in a season to establish an average. A player participating in multiple leagues or divisions will be given the highest average achieved. NEDA reserves the right to restrict leagues a player is eligible to play based on known ability. A new player coming into the leagues will be assigned an MPR of 1.8 and a PPD of 17.00 for female, and an MPR of 2.4 and a PPD of 22.00 for male. If a player has an established MPR, multiply by 10 to get PPD, if a player has an established PPD, divide by 10 to get MPR. All available Stats, even from city are subject to review to guard against possible "sandbagging". If it's determined that a player is guilty, the higher average will be used. The offending team may lose their place, earnings, and trophies from the City Tournament. New players from other league systems should call the office with their average.

Match Times

Match **STARTING** time is either 4:00pm or 7:30pm (real time). **Players have a 15-minute grace period, this is not to be abused.** Matches should be started during this time, or they are subject to forfeit. Rescheduling a match requires a 4-hour notice (2 hours if due to inclement weather). **The NEDA office must be notified of forfeits or rescheduled matches 402-592-1555.** There must be a pre-match contact sometime during the day of the match to ensure that both teams are ready and if there are any problems during league you have a contact to get ahold of. If you text or leave a message you need a response from the other team.

Make-up matches are allowed until the date posted on your schedule.

After a match starts, play will continue in a timely manner, with team members prepared to throw when it's their turn. Failure to do so can be deemed unsportsmanlike conduct, and the offending players' turn may be skipped. Nebraska and Iowa are nonsmoking; "smoke breaks" should be timed so as not to interfere with play.

League rules apply to approximately 15 minutes after the match has ended.

Captains may agree to change starting times or rescheduling of a match under Gentlemen's Rules, this is binding. The office should be notified by both teams of these changes.

Captains Responsibilities

1. Know the rules available on NEDA website.
2. If your machine does not have league info call 402-592-1555 A.S.A.P.
3. Collect team dues: (See league cost sheet page 9 for your league info) \$5.00 per person plus quarters for the games.
4. Notify the league office and other team captain or any player on the team & make arrangements for rescheduling of the match at least 4 hours prior to match time (2 hours if due to inclement weather) 402-592-1555. Make sure you have confirmation from the team either verbal or by text.
5. Team captains without a valid phone number listed cannot forfeit team not showing up. Your team will not be allowed to play in any remote league.
6. **Rescheduled matches** can be played until the date posted on your schedule.
7. Shooting under any name other than full first and last name will cost your team all games for that match. Must correct within 24 hours (402-592-1555).
8. Both teams will receive a plaque if there is a tie for 1st or 2nd. Wins will determine the winner of the leagues so get those make ups taken care of. Payouts are on wins and losses. So, every team completing the league will have money coming back.
9. **If a player is being used who is under 21 years of age,** it is the captains responsibility to contact the bar for approval of a minor.
10. A bar round is not required by league rules. Bar round is what you have been drinking. (A glass for a pitcher is the common practice). Bar rules will be the final arbiter. It is not mandatory for the bar to pay quarters.

Players Responsibilities

1. Be sure the machine is displaying your name before shooting.
2. Show up on time and ready to shoot (4:00 or 7:30).
3. Be ready to shoot in a timely manner. If breaks occur in game, they must be documented by text messages between the teams
4. Demonstrate the good sportsmanship that has made darts the popular sport that it has become.

REGULAR TEAM MEMBERS: Using subs may result in you not having regular team members with enough games for city). 7 weeks of league play Fall / Winter league, 5 weeks for Summer).

Bronze, Silver, Gold, Women's, or Open teams consist of four regular players. All 4-player teams can only use two subs on a given night.

Mixed Trips or Open Trips teams consist of three regular players. All 3 Trips teams can only use one sub on any given night.

Doubles consists of two regular players. All 2 player teams can only use one sub on a given night.

- Player's ratings are determined by the highest MPR or PPD from a legitimate league. Some league levels have a team cap (maximum combined MPR) this is printed at the top of your league schedule. At no time can a team total MPR exceed this cap, this includes when using a new sub. Please check with the office before adding anyone to your team.
- The players with 7 weeks in fall / winter and 5 weeks in summer will be considered the regular team members. These will be the players covered under the substitution rules.
- If a team must replace a regular team member, the captain must contact the league office for approval to ensure that the player is a legal replacement.
- Team captain may request that a regular player or a team sub be removed at any time. This will not change any of the requirements for the required weeks played rule or for the rules listed below for subs.

SUBSTITUTE PLAYERS

All substitute names must be entered in full at the dart game, including first and last name. It is the captain's responsibility to enter the correct name for any player on the team and averages if this applies. Failure to do so will result in loss of all games played and that player and stats removed from roster. If you have a new team player, you must notify the league office to update your roster. Captains, you have only until the next day to comply!

- Substitute players listed on your roster must still fall within the substitute guidelines listed below to be a legal substitute.
- Marks per Round (MPR) for Cricket and Points per Dart (PPD) for O1 are the only skill ratings used for substitute player approval. All skill ratings must be from a legitimate league and be properly calculated. Stats from non-NTS area leagues and/or known ability may also be used for players. If the player has no stats, the captain must call the league office for approval and that player will have to stay within the substitute guidelines for that match. If not, they will be considered an illegal substitute. If you have any substitute player questions, please call.

City Team Players: If your team doesn't have all regular players you do not have a team for city. (7 weeks of league play Fall / Winter league, 5 weeks for Summer). You cannot replace a player who has less than the required games with a sub, as they are not a regular player. This applies to all league formats.

Subs for City: A team sub must have subbed for the player or players they are replacing for no less than a total of 4 weeks for Fall/Winter and 3 weeks for summer. Sub will be allowed to replace the regular player subbed for or if said sub was able to legally sub for all players on the team, sub can now replace any of the team players at city.

A non-team sub: Is any player listed in the end of season stat book with an MPR/PPD equal to or less than the player they are replacing.

For City Play-offs: Subs must be approved by the office 402-592-1555.

Teams will notify the office 402-592-1555 for City Tournaments.

Ghost Players for League Only

1. Ghost players will receive 50 points per round, for the first three rounds in 01games, in cricket and the 13th or 15th game- ghost skips turn. If the player arrives, they may not play in a game that has already started, but may play in the next game they are eligible to play in. Teams playing in equalizer leagues will receive the missing players' average for the first 3 rounds in 501 games. The ghost player will use the averages of the missing player to set up cricket and 701 but will receive no additional points (skip this players' turn).

To Start League play on a Fire, follow the below, for remote play please see video on website @ntsthefuncompany.com.

If playing in person:

Home Team should select League. **DO NOT INSERT MONEY UNTIL ALL STEPS ARE FINISHED**, if there is a problem only the \$5.00 league fees can be refunded.

1. Press League Play
2. Select your league.
3. Select your team's name.
 - a. Choose your order of play (this is the way game 15 will be played) 1/ 3, 2 /4 will shoot same score.

Remote Play:

4. Contact with the other team is mandatory with two-way communication.
5. Captain must have a valid phone number and must answer incoming calls on league night.
6. Make sure the board is set up under league mode/Remote Play. If you need help in how to do this, please review the Remote Video posted on the ntsthefuncompany.com website.
7. Call the opposing team captain to be sure they are present. Do not insert any money until the other team is on camera, you are now ready to start play. Never put more money than your league fee plus game quarters. At the start of the first game all money for the match should be in the boards.
8. Starting time is 4:00 PM or 7:30 PM be ready to play at correct time.

9. The Pause button is not to be abused. Could result in loss of match.

TO CHANGE SHOOTING ORDER:

1. Press up/down arrow by name you want to change, press arrow next to player you want at that position. When finished press accept.
2. **Two player Mixed & Mixed Trips - Ladies must be #1.**
3. TO ENTER A SUBSTITUTE PLAYER that has been approved by the office:
 - o Press up/down arrow by name you want to change, Press then chose substitute player.
 - o Press up/down arrow select your sub or type in approved new Sub, you must type in first name space, last name.

- Equalizer leagues you must put in players correct average now, both PPD and MPR putting in the wrong average will result in an automatic eight game loss.
 - To put in average select team set-up, select the player whose average you need to adjust, then hit the bullseye. From there you can select Cricket and adjust the average. Accept and repeat to put in the X01 average. Both averages must be put in before starting your match!!!
 - When finished press accept and start match.
4. At this time machine will ask for your league fee ONLY, this will be \$20.00 for a four-person team / \$10.00 for a two-person team / \$15.00 for Trips.
 5. It is now the away teams turn to repeat steps above.
 6. With all league fees entered it is now time to insert game money needed for match. Both teams insert your game fee now.

Forfeits: If prior contact is made Forfeits will be at a minimum

1. All forfeits are subject to review.
2. **Your team will not be allowed to participate in City or receive trophies** if you have a combined total of two matches not played or forfeited.
3. **Your team will be dropped from the league and scores adjusted (forfeiting all monies paid)** if you have “3” matches not played, this is a combined total of “forfeits and/or not played or rescheduled matches” during the season.
4. **Your team will be dropped from the league and scores adjusted (forfeiting all monies paid), if your team is forfeited (your team is a no-show), either of the last two scheduled matches** of the season.
5. If the opposing team is not there ready to play by 4:15 (Sun 4pm league) or 7:45 (7:30 leagues) they are subject to FORFEIT, A-D below must be followed to receive the forfeit!
 - a. Call the bar of the team that is not present and inquire. *Captains without a valid phone number listed cannot forfeit a team.
 - b. The team present should follow steps 1-5 under to start league play. Then choose your team again as VISITING TEAM, accept. Since the teams are the same the screen will ask “is this a forfeit” Press enter for yes, it will ask who is authorizing the forfeit, select the captain’s name and press enter. Please note doing the above time stamps to forfeit.
 - c. Call 402-592-1555 to confirm forfeit the next day.
 - d. Forfeit must be taken at correct time and at your team’s bar to count. Call 592-1555 and report forfeit you will put in at bar.

Protests

Call 402-592-1555 or player rep if before 10 pm or after 9 am the next day. Complete the match. Don’t get mad at the other team, as most protests can be resolved.

1. Notify the NEDA office @ 402-592-1555 as soon as possible.
2. Please write yourself a note while still fresh and deliver it to NEDA (list the protest situation, the reason, & phone numbers of both captains).
3. The protesting captain has 5 days to notify the NEDA office of the official protest.
4. Both team captains will be notified of the Players’ Rep Meeting.
5. **Teams who are over the league limit or cap will lose all games in that match; THIS IS AUTOMATIC.** Games played in these matches will not count towards players’ total games.

City Playoff Tournament Schedule

1. **City Playoffs can and will start before the league has ended.** If your team plays in the city tournament, you must finish all remaining league matches or your team will be dropped, and all monies are forfeited. Information will be available at the NTS website ntsthefuncompany.com.
2. Players can only shoot on one team in each City Division Tournament.
3. The \$0.25 of the \$5 per player each night of league is paid out as prize fund for each City Playoff; this is added to your league payback.
4. **Players winning a City Tournament can receive a jacket, polo shirt or the equivalent cash,** extras may be ordered at your city that night. Extra plaques can be ordered for \$15.

Individual league information

1. **Mixed Leagues:** 2 Men & 2 Women. Women are players 1 & 3. Men are players 2 & 4. **Mixed Doubles & Mixed Trips Ladies are player 1.**
2. **501 Leagues:** The games will be 501 open in / open out. 701 Team games all 8 players shoot.
3. **01 / Cricket** (open & mixed and all doubles, Trips) ½ games will be cricket, ½ games will be 01 with the last game being 701.
4. **Doubles Cricket:** All games are cricket with a double bull, last game 701.
5. **Cricket Leagues 4 person:** All cricket games will be double bull, last game 701.
6. BULLSEYE can be used to win any game except leagues playing double in/out.

View your SCHEDULE and LEAGUE information at WWW.NTSTHEFUNCOMPANY.COM

League Cost per Night

Bronze, Silver, Gold and Open Team All –

\$7.50 per player x 4	total \$30.00	\$22 league fee / \$8.00 game fee
