

Carmen Super Inox™ Steam Extractor

Experience the power of a commercial steam extractor.

Box out dirt, grease and disinfect with an industrial strength steam cleaner. Water and detergent injection with continuous refill make this an all-out cleaning machine.

The most complete steam vacuum accessory kit.

The Dupray Carmen Super Inox comes packed with a 36-piece heavy-duty steam vacuum cleaning kit, complete with a full set of long lasting detailing brushes.

Each tool has been built using heat resistant, high quality plastic exclusive to the Carmen Super Inox™.

Key Features

Lifetime Warranty
on the boiler and casing only

Detergent Injection

Inject a burst of Dupray's eco-friendly Biovap® detergent on greasy surfaces for amazing results, or easily remove gum and adhesives.

High Temperature Steam

The Carmen Super Inox reaches superior steam temperatures of 338°F/175°C resulting in fast cleaning and easy disinfection.

Wet / Dry Extractor

The integration of a wet/dry vacuum allows you to steam clean while extracting dirt and debris. The integrated vacuum is essential for gum removal and carpet extraction.

Variable Pressure

Allowing users to control the pressure of the steam jet from 30 psi up to 105 psi, this feature lets you select different steam pressures for specific uses.

Commercial Quality

All materials used in the assembly of the Dupray Carmen Super Inox are commercial-grade, premium quality European parts that are built to last.

SteamReady™ Indicator

The SteamReady Indicator™ lights up when the steam cleaner has reached the optimal temperature and pressure and is ready for you to start steam cleaning.
