

Eduflex Library Carrel

The Eduflex Library Carrel is a compact, purpose-built workstation ideal for students needing quiet space to concentrate. Its high-sided screens provide both sound and visual privacy, while a built-in shelf keeps the desktop clear. Use as a single unit or configure side-by-side or back-to-back to maximise learning spaces.

Features

- Acoustic screen acts as a sound barrier for quiet study
- Visual barrier helps minimise distractions
- Built-in shelf keeps worktop clear and organised
- Can be used individually or configured in rows
- Fully welded, durable powder-coated steel frame
- Multiple finish options available
- Custom sizing available on request
- Ideal for libraries, classrooms, and study zones
- 5-year warranty
