

Easypeasy Chair

The Easypeasy Chair lives up to its playful name by making office fit-outs an absolute breeze. Designed as part of a versatile system, it celebrates the power of simple design to bring a fun, relaxed vibe. The really clever bit is the modular build—it's super easy to assemble, and if a part ever gets damaged, you can just swap out that single piece instead of tossing the whole chair. Simple, sustainable, and built for real life.

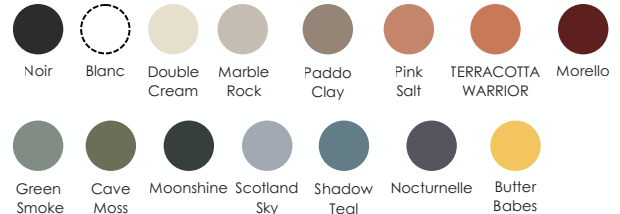

Features:

- FSC-certified timber to bring a warm, premium feel to your space.
- The heavy-duty tubular steel frame easily handles the wear and tear of a busy workplace.
- Mix and match seasonal powder-coated frame colours to perfectly suit your brand.
- Neatly stacks 6 to 8 chairs high, making it super simple to clear out flexible areas.
- Get your office set up sooner with a streamlined manufacturing process that gets your furniture out the door quickly.

Specifications

- Warranty: 7 years
- FSC Certified
