IN COLLABORATION WITH GCET JAMMU

HACKCACHE '26 CACHEDINFO " GCET JAMMU

48 HOURS. ONE REAL PROBLEM. ONE WORKING PRODUCT.

HackCache "26 is a fully online build experience from CachedInfo, where students from any branch or college can turn an idea into a working product.

1-3

TEAM MEMBERS

₹600

PER TEAM

48

HOURS

100%

ONLINE

WHO CAN ENTER?

**Any Branch. Any Stream.
Any Year.**

CS, ECE, Mechanical, Commerce, Arts, BBA, MBA and beyond. Coding is not the only way to contribute.

BUILD WITH WHAT YOU HAVE.

Design, research, business, engineering, product thinking - all of it matters when the goal is to solve a real problem.

WHAT YOU GET BEFORE YOU BUILD

01 AI PROMPT PACKS

Curated prompts for ideation, prototyping and pitching.

03 IDEATION GUIDES

Spot real problems, validate quickly and shape a project.

05 PITCH DECK TEMPLATES

Judge-ready structure for a stronger final presentation.

02 PLAYBOOKS

Step-by-step frameworks from raw idea to working demo.

04 TECH RESOURCE LIBRARY

Tutorials, links and no-code tools - no CS degree required.

06 SUPPORT ACCESS

Help during the hackathon when you get stuck.

THINK | BUILD | WIN

WIN BIG

WIN THE HACKATHON. THEN TAKE THE NEXT STEP.

The rewards are designed to continue after the leaderboard: cash, paid work, founder access, feedback and career value.

TOP TEAM EXCLUSIVE

₹5,000 / PERSON

3 SPOTS • 1 MONTH • REMOTE-FIRST • 15,000 TEAM TOTAL

Winners join CachedInfo (a product of codenabled private limited) as paid virtual interns with real tasks, tracked submissions and direct monthly API payout. You can also choose to continue developing the hackathon project with support in the initial stages.

EVERY TEAM GETS

01 AI prompt packs

02 Pitch deck templates

03 Problem-solving playbooks

04 Mentor / support access

₹80,000 CASH + 1.22L TOTAL VALUE

THE CHALLENGE

THE PROBLEM IS BIGGER THAN THE STACK.

Build around a real problem. Choose the technology, format and approach that make the most sense.

01 REIMAGINE GOVERNMENT

Rethink how citizens interact with government websites and digital services. Simplify access and build interfaces people actually want to use.

02 SOCIAL IMPACT

Build technology that tackles real-world problems across communities, accessibility, education, healthcare, sustainability or everyday life.

03 BANKING & FINANCE

Reimagine how people save, spend, invest, borrow and manage money. Build simpler, smarter and more accessible financial experiences.

04 OPEN INNOVATION

No predefined box. Bring a bold idea, solve a problem you care about and build something genuinely useful, unexpected or new.

PROBLEM STATEMENTS

Released to registered teams on Oct 22, 2026 - one day before the hackathon begins.

No need to arrive with a finished idea. Use the challenge to decide what deserves to be built.

USE AI. USE NO-CODE. USE YOUR HEAD.

Any student. Any branch. Any college. You do not need to know how to code.

HOW IT WORKS

MARK THE DATES. THEN BUILD.

AUG 24

REGISTRATIONS OPEN

Lock your slot.

OCT 20

REGISTRATIONS CLOSE

No extensions.

OCT 22

RESOURCES + CHALLENGE

AI prompts, pitch templates,
playbooks and problem statements.

OCT 23-24

HACKCACHE '26

Build, pitch and win.

SUBMISSION
