

## Sharing tickets using the True Tickets digital wallet

<https://wallet.drphillipscenter.org>

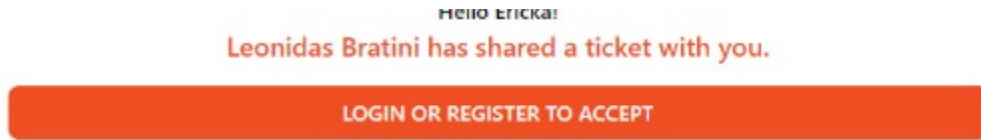

Guests can now log into their True Tickets digital wallet and share tickets with anyone.

Once guests click the "SHARE TICKETS" button, they'll be asked to:

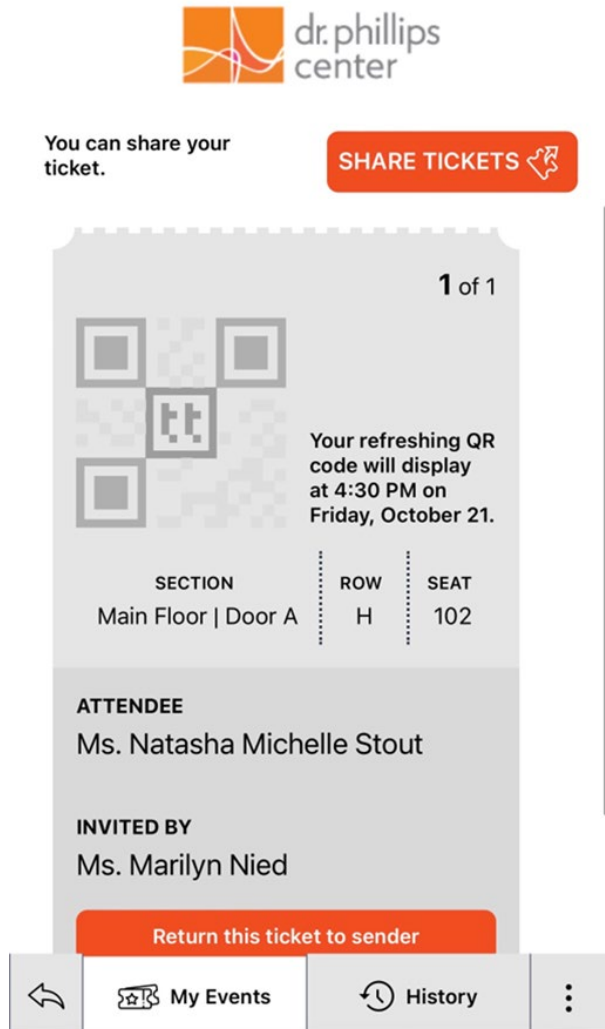

- Input the full name of guest(s) receiving the ticket(s)
- Select which seat(s) they want to share
- Send the link to their guest(s) by email or text message.

- Once the recipient clicks the link they receive (either through email or text message), they'll see the below message to log in to their existing DPC account—or to create an account—and accept the tickets.

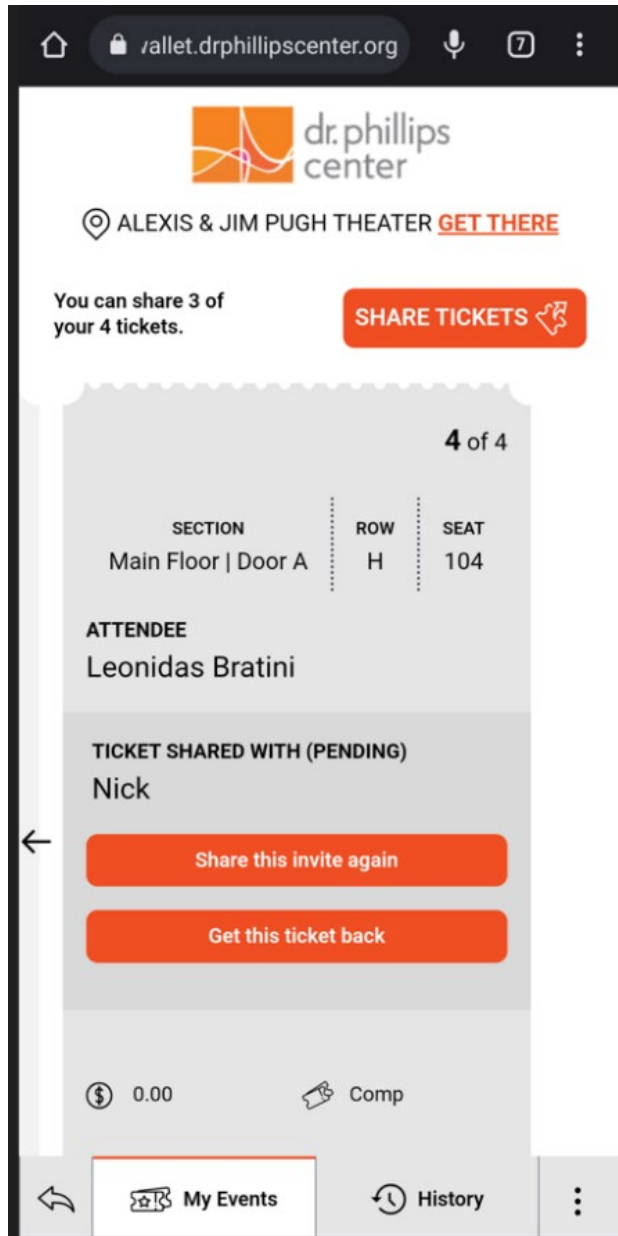

When the tickets are accepted, the recipient's True Tickets digital wallet will show the ticket(s). The recipient will also be able to return their ticket or to share it with anyone else.

Below are a few screenshots of what the ticket purchaser(s) will see in their wallet once they have shared any tickets.
