A building of this type built to building regulations standards current at the date of issue of this certificate would have a rating: 14						Α
Where the accompanying recommendations for the cost effective improvement of energy performance are applied, this building would have a rating: 19						B+
Recommendations for the cost-effective improvement (lower cost measures) of the energy performance						
1. Conside	r replacing T8 lamps with retrofit T5 conversion kit.					
2. Conside	r installing solar water heating.					
3. Conside	r installing PV.
