## Specification

Europa 3 was built by Chancerygate in 2001, which includes 50 Cox Lane. The property comprises a high quality warehouse /industrial building of steel portal frame construction with integrated offices which are fully enclosed within a secure fenced and gated yard including a substantial forecourt, parking and loading area.

The warehouse area is under a twin pitched roof with columns down the middle (front to back). This area is accessed via 4 roller shutter doors (2 level and 2 docks on an internal loading platform). The warehouse benefits from 8.2m minimum height to underside of haunch, fluorescent lighting, gas heating and solid concrete floor with floor loading of 37.5 Kn/sq.m

The offices are at part ground floor and then across the entire front elevation of the property at first floor level and can be accessed at either end via a pedestrian door. To the right hand side there is a passenger lift. At ground floor level there are currently WCs (male, female and disabled), a canteen area, welfare area. At first floor level the offices have raised floors that are carpeted, have suspended ceilings with inset lighting, gas fired central heating, some air conditioning, kitchenette and further WCs.

Externally there are 74 car spaces within a brick paviour area and concrete loading aprons in front of the loading shutter doors all within a fully fenced and gated area.
