STYLUS OLD ST

FORMERLY HOME TO THE MARGOLIN GRAMOPHONE FACTORY, STYLUS OFFERS UP TO 27,000 SQ FT OF STATE-OF-THE-ART OFFICE SPACE.

Retaining its original, elegant Victorian façade, 116 Old Street has been fully redeveloped and is split over five floors – workspace with flexibility and style.

With exposed surfaces and high, column-free ceilings that allow the building to be filled with an abundance of natural light, Stylus features a lower ground courtyard with a living green wall, as well as a roof terrace to work from, collaborate and unwind – overlooking the hustle and bustle of Old Street below.

Manufactured by Margolin, the Dansette record player became a household name in the late 50s and 60s and was a statement and artifact of the vibrant, popular youth culture of that time.

MAKE YOUR MARK

LOCATED IN A VIBRANT AND DYNAMIC AREA WHERE BUSINESSES FLOURISH AND THRIVE, STYLUS OFFERS A HOME FOR AMBITIOUS START-UPS OR ESTABLISHED CORPORATES ALIKE.

An iconic, contemporary workplace, where old inspires new, Stylus is now ready for a new era of forward-thinking, driven businesses that are striving to achieve and grow; to ultimately make their own mark in a district that's alive with energy, creativity and innovation.

OLD STREET NEW WAVE

'OLD' ALSO BECOMES 'NEW' JUST TWO MINUTES' WALK FROM STYLUS, WITH TRANSPORT FOR LONDON'S £25M REGENERATION OF THE LANDMARK SILICON ROUNDABOUT

In 2018 the roundabout will be transformed into an area that provides safe and easy access to Tech City, with improved cycle lanes and walkways, along with a large public space, improved planting and landscaping, and a new entrance to Old Street underground station.

The launch of the new Elizabeth Line (Crossrail) in December 2018 will see journey times across London and the South East become quicker, easier and more direct. Travel times from Farringdon to Heathrow T4 will be reduced to just 39 minutes.

AWAKEN
YOUR
SENSES

SETTING THE TONE AS YOU ENTER THE STYLUS BUILDING IS THE STYLISH AND CONTEMPORARY RECEPTION AREA.

WITH CLEAN LINES AND HIGH QUALITY FINISHES THROUGHOUT, IT PRESENTS ITSELF IN AN ART GALLERY STYLE – AN IMPRESSIVE, FREE-FLOWING SPACE TO WELCOME AND INSPIRE BOTH YOUR CLIENTS AND EMPLOYEES ALIKE.

A HARMONIOUSLY DESIGNED RECEPTION DESK

Taking its cue from the building's former use, the bespoke, feature reception desk has been created locally by the award-winning Mamou-Mani, in collaboration with the building's architects Gpad.

The building's original lift motor has been beautifully repurposed, combined with a floating glass desk surface and a distinctive gramophone-like sculpture which has been 3D printed from a sustainable organic bioplastic.
