South Quay estate developments

The exciting proposed redevelopment of the South Quay Estate by Berkeley Homes will improve the area with the intended two residential towers surrounded by a network of landscaped gardens totalling 1.6 acres of open space. The scheme will allow greater access to the waterfront and provide new shops, restaurants and leisure facilities at street level.

The scheme will greatly improve pedestrian connectivity through to Canary Wharf with the potential for a new footbridge. The redevelopment will bring extra vibrancy to South Quay, enhancing it as a destination where people want to work.
