	Building Energy Performance			Scotland
	Calculated asset rating using iSBEM v3.2.b [SBEM]		ding type ehouse and storage	Current rating
Energy Performance Certificate		I	arbon Neutr	Excellent al
rtifi		Α	(0 to 15)	
Cel		В	(16 to 30)	
Ce		С	(31 to 45)	
an		D	(46 to 60)	
Ľ		E	(61 to 80)	E+
rfo		F	(81 to 100)	
Pe		G	(100+)	Very Poor
N	Carbon Dioxide Emissions			
erg	The number refers to the calculated carbon dioxide emissions in terms of kg per m <sup>2</sup> of floor area per year			ns <b>68</b>
Ž	Approximate current energy use per m <sup>2</sup> of floor area:		<b>263</b> kWh/m <sup>2</sup>	
				-
	Renewable energy source:	is a greenhouse		Grid supplied
Carbon Dioxide is a greenhouse gas which contributes to climate change. Less Carbon Dioxide emissions from buildings helps the environment.				
Benchmarks         A building of this type built to building regulations standards current at the date of issue of this certificate would have a rating:       21       B+				
Where the accompanying recommendations for the cost effective improvement of energy performance are applied, this building would have a rating: <b>62</b>				
Recommendations for the cost-effective improvement (lower cost measures) of the energy performance				
1. Consider replacing T8 lamps with retrofit T5 conversion kit.       4. Consider installing building mounted wind turbine(s).				
<ol> <li>Introduce HF (high frequency) ballasts for fluorescent tubes:</li> <li>Consider installing solar water heating.</li> <li>Reduced number of fittings required.</li> </ol>				
3. Some windows have high U-values - consider installing secondary glazing.			<ol> <li>Some glazing is poorly insulated. Replace/improve glazing and/or frames.</li> </ol>	
Address:       Units 16, 17 and 18         Conditioned area (m²):       1661         Name of protocol organisation:       BRE Global, [1234]				rial Estate, Fife, INVERKEITHING
Date of issue of certificate:29 Jan 2009(Valid for a period not exceeding 10 years)This certificate is a requirement of EU Directive 2002/91/EC on the energy performance of buildings.				
	CERTIFICATE MUST BE AI			EMOVED UNLESS REPLACED IN A PROMINENT PLACE
