

Day 1, Thursday 18 September, 12:30–19:00

TIME	SESSION	SPEAKER(S)
12:00	Registration opens	
12:30–12:40	Welcome	Dr Deepti Radia & Dr Clive Grattan
12:40–13:00	Welcome and introduction <ul style="list-style-type: none"> Status of the ECNM Presentation of Researcher of the Year award 	Professor Peter Valent & Professor Massimo Triggiani
13:00–13:40	Utility and application of KIT mutations and other molecular markers in mast cell neoplasms	Professor Michel Arock
13:40–14:00	<i>Afternoon coffee break</i>	
14:00–15:00	SESSION 1: Updates in pathology and classification <ul style="list-style-type: none"> Harmonisation of the EU/US, ICC and WHO classification of mastocytosis Application of ICC and WHO criteria by the pathologist Histopathological and phenotypic changes of mast cells during TKI therapy Rare cases and histopathological patterns in SM-AHN 	Chaired by Professor Wolfgang R Sperr & Professor Karl Sotlar Professor Peter Valent Professor Karl Sotlar Professor Tracy George Professor Hans Peter Horny
15:00–15:30	<i>Afternoon coffee break</i>	
15:30–16:45	SESSION 2: Updates in paediatric and adult dermatological presentations of mast cell disease <ul style="list-style-type: none"> Diagnosis and management of skin problems in paediatric mastocytosis Quantification of skin disease in CM and SM during therapy Therapy of cutaneous disease in pediatric CM Phototherapy and photochemotherapy in CM and SM Challenges and potential shortfalls in current classification of cutaneous mastocytosis 	Chaired by Professor Magdalena Lange & Professor Vito Sabato Dr Melody Carter Professor Karin Hartmann Professor Magdalena Lange Dr Valeria Brazzelli Professor Iván Álvarez-Twose
16:45–17:15	<i>Afternoon coffee break</i>	
17:15–18:15	SESSION 3: Comorbidities in mastocytosis <ul style="list-style-type: none"> Bone health and disease management in patients with SM Drug reactions and food intolerance in mastocytosis Causes of death in patients with mastocytosis: Impact of comorbidities IgE-dependent allergies in mastocytosis 	Chaired by Professor Knut Brockow & Professor Massimo Triggiani Professor Massimo Triggiani Professor Mariana Castells Dr Axel Rüfer Professor Hanneke Oude Elberink
18:15–18:55	Keynote lecture 1: Mast cells and basophils in allergeo-oncology: Bridging allergy to cancer	Introduced by Dr Clive Grattan Professor Sophia Karagiannis
18:55–19:00	Summary of Day 1 and announcements	

Drinks reception at the Park Plaza London Riverbank Hotel from 19:30–20:30

Day 2, Friday 19 September, 08:30–18:30

TIME	SESSION	SPEAKER(S)
08:30	Welcome and registration	
09:00–10:00	SESSION 4: ECNM Registry projects – part 1 <ul style="list-style-type: none"> Overview of ECNM registry projects Highlights in W1 through W8 projects PR1: Analysis of various age groups PR14: Body mass index in mastocytosis PR18: Pure CM in adults 	Chaired by Professor Wolfgang R Sperr & Professor Michel Arock Professor Wolfgang R. Sperr Professor Peter Valent Professor Karin Hartmann Professor Marek Niedoszytko Professor Knut Brockow
10:00–10:20	<i>Morning coffee break</i>	
10:20–11:00	SESSION 4: ECNM Registry projects – part 2 <ul style="list-style-type: none"> PR19: AHN: Frequency of subtypes and prognosis PR42: Clinical impact of KITD816V VAF in SM PR45: Causes of death in non-advanced SM Overview of new projects and EU grant application 	Chaired by Professor Wolfgang R Sperr & Professor Michel Arock Professor Olivier Hermine Professor Frank Siebenhaar Dr Axel Rüfer & Dr Theo Gülen Professor Peter Valent
11:00–11:15	<i>Morning coffee break</i>	
11:15–12:00	SESSION SATELLITE MEETING – CLINICAL SCENARIOS	
12:00–12:50	<i>Lunch break and poster sessions</i>	
12:50–13:00	Group photo	
13:00–13:45	Keynote lecture 2: Molecular studies in mastocytosis and AHN, and use of AI tools	Introduced by Professor Peter Valent Dr Gregor Hörmann
13:45–15:00	SESSION 5: Diagnostic challenges in mastocytosis <ul style="list-style-type: none"> Lab features and flow cytometry correlates with clinical phenotypes I think I have the mast cell HaT and implications in clinical practice Early phases and pre-phases of mast cell neoplasms Classification of pre-SM conditions and development of prevention strategies 	Chaired by Professor Iván Álvarez-Twose & Professor Karin Hartmann Professor Alberto Orfao Dr Clive Grattan Professor Jonathan Lyons Professor Olivier Hermine Professor Peter Valent
15:00–15:25	<i>Afternoon coffee break</i>	
15:25–16:40	SESSION 6: Anaphylaxis and mast cell activation syndrome <ul style="list-style-type: none"> Why we have mast cells: The venom interception theory How to manage false-positive MCAS and its mimickers Diagnosis and management of MCAS Immunotherapy in mastocytosis Long- or short-term Hymenoptera venom immunotherapy in mastocytosis? 	Chaired by Professor Jens Peter Panse & Professor Hanneke Oude Elberink Professor Stephen Galli Dr Theo Gulen Professor Cem Akin Professor Marek Niedoszytko Professor Patrizia Bonadonna
16:40–17:10	<i>Afternoon coffee break</i>	
17:10–18:25	SESSION 7: Translational and real-world research in mastocytosis <ul style="list-style-type: none"> Which biomarkers are useful in mast cell activation? Detection of KIT variants in blood and skin of patients with mastocytosis Tryptase: From bench to clinical use in applied haematology Biology of tryptase and application in practice Tryptase as a screening parameter in paediatric mastocytosis 	Chaired by Dr Sigurd Broesby-Olsen & Professor Marek Niedoszytko Professor Gunnar Nilsson Professor Sigurd Broesby-Olsen Professor Wolfgang R. Sperr Professor Lawrence B. Schwartz Professor Knut Brockow
18:25–18:30	Summary of Day 2 and announcements	

Dinner at Merchant Taylors' Hall, City of London, from 19:30–21:30

Day 3, Saturday 20 September, 08:00–15:00

TIME	SESSION	SPEAKER(S)
08:00	Welcome and registration	
08:30–09:30	SESSION 8: Prognostication and efficacy of novel TKIs in SM <ul style="list-style-type: none"> Development of MARS-R Efficacy of recently approved and novel TKIs in SM clinical practice Real-world data of avapritinib-treated patients with ISM Diagnosis, prognostication and therapy of WDSM 	Chaired by Professor Tracy George & Professor Juliana Schwaab Dr Johannes Lübke Professor Juliana Schwaab Professor Frank Siebenhaar Dr Iván Álvarez-Twose
09:30–10:00	Morning coffee break	
10:00–12:00	SESSION 9: Invited presentations and late-breaking abstracts	Chaired by Dr Deepti Radia & Professor Jason Gotlib
12:00–13:00	Lunch break and poster sessions	
13:00–14:15	SESSION 10: Updates in management of advanced and non-advanced systemic mastocytosis – looking forwards <ul style="list-style-type: none"> Non-advanced SM landscape: TKIs Non-advanced SM landscape: Non-TKIs Mutational landscape changing the paradigm for treatment Advanced SM landscape and complete remission and cure: The new goal in patients with advanced SM: Status 2025 Role of allogeneic BMT 	Chaired by Professor Frank Siebenhaar & Professor Peter Valent Professor Cem Akin Professor Vito Sabato Professor Andreas Reiter Professor Jason Gotlib Dr Deepti Radia
14:15–14:30	Summary of Day 3 and closing remarks	Professor Peter Valent, Professor Massimo Triggiani, Dr Deepti Radia & Dr Clive Grattan

International patient forum with roundtable discussion at the Park Plaza London Riverbank Hotel from 16:30–18:30
