

## **FIXTAN VR**

**Blend of ellagic and condensed enological tannins (proanthocyanidins), granular with instant solubility**

### **DESCRIPTION**

Blend of ellagic tannins (chestnut) and proanthocyanidin tannins (Quebracho) designed for red wine maceration. Granular form with instant solubility. **Fixtan VR** is a blend of enological tannins with high total polyphenol content. It appears in granular form with excellent wettability and instant solubility in both must and wine. The product appears light brown in color.

### **COMPOSITION**

Chestnut and quebracho tannins.

### **APPLICATION**

**Fixtan VR** is indicated for all phases of red wine maceration. The ellagic component exhibits strong antioxidant action, while the condensed component contributes to anthocyanin polymerization and color stability.

### **INSTRUCTIONS FOR USE**

During maceration, added in 2 or 3 applications.

### **USAGE DOSES**

20 – 40 g/hl

### **PACKAGING**

1 kg and 15 kg packages

### **STORAGE**

Unopened package: store in a cool place (temperature below 25°C), dry, ventilated and odor-free. The product maintains its characteristics intact for at least 24 months from the production date.

Opened package: close carefully and store in a cool place (temperature below 15°C), dry and ventilated. Use the product within a short time.

### **HAZARDS**

This product must be stored, handled and used in accordance with appropriate industrial hygiene practices and in compliance with current legislation. Product for food and enological use, for professional use only.
