

ROVERTAN PLUS

Oak tannin subjected to prolonged toasting

DESCRIPTION

Tannin extracted from the heart of French oak, subjected to prolonged toasting with the "gentle method". Tannin in granules totally soluble in water and wine.

COMPOSITION

Ellagic oak tannin with prolonged toasting

APPLICATION

The complex aromatic profile of **Rovertan Plus** tannin enhances pleasant vanilla, toasted cocoa, licorice and roasting notes in red and white wines.

Rovertan Plus also enhances the structure and body of wine during finishing, thanks to the contribution of wood polysaccharides extracted together with the tannin.

It amplifies sensations of softness in the mouth.

INSTRUCTIONS FOR USE

Dissolve the product in water or directly in wine.

DOSAGE

In white wines: 5-10 g/hl

In red wines: 10-30 g/hl

In spirits and vinegars: 1-5 g/hl

PACKAGING

500 g packages
