

What is jaSiricup Initiative?

This initiative targets girls in rural areas (ASAL Regions that remain inadequately served), who often lack access to affordable menstrual products and adequate education.

What is the aim of Jasiricup Initiative?

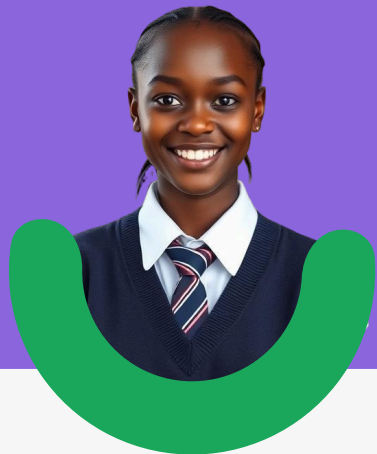

The initiative aims to leverage the rising demand for sustainable and affordable menstrual products and the growing focus on menstrual health education.

Where are we implementing the Initiative?

Kitui County, Kenya

What is the target group?

Adolescent girls in
Secondary schools.
Age bracket 13-19 years
