

## Clamps to DIN3015

Part no.: 262867

Product description: HRERS 2/4L EE 14 TPE73

| Characteristic          | Value / Characteristic / Information |
|-------------------------|--------------------------------------|
| Clamp material          | Termoplastic elastomer               |
| Diameter                | 14,0 mm                              |
| DIN 3015 design         | light range + rubber insert          |
| DIN 3015 model          | rubber insert                        |
| DIN 3015 size           | 2                                    |
| Material of steel parts | none                                 |
| Packing details         | 25 pieces                            |
| Using                   | mounting for hose + cables           |
