

DLHSR

Part no.: 396811

Product description: DLHSR-01X-16/250

Characteristic	Value / Characteristic / Information
Additional function	
Adjustment type	Tool
Basic symbol	
Control type	pilot operated
Design	Inline connection
eCl@ss	Druckventil(Proportional,Hydra
Function	Accumulator charging valve
Functionality	Spool valve
Model	
Nom. size	6
Pmax [bar]	350,00 bar
Press. sett. r. prod. f. [bar]	30,0 - 350,0
Pressure setting range [bar]	
Pressure setting [bar]	No presetting
Product family	
Qmax valves [l/min]	30,00 l/min
Sealing material	FKM
Type of installation	Zoll
Volume flow range Q (l/min)	0,0 - 30,0
