

## Torsionally flexible coupling complete

Part no.: 722073

Product description: Kupplung 42/55-48/20

| Characteristic            | Value / Characteristic / Information |
|---------------------------|--------------------------------------|
| Coupling size             | 42/55                                |
| Execution of the drilling | reciprocally cylindric               |
| Material of the clutch    | GG/GG                                |
